Washington Field assign immediately as many Agents as practicable and feasible to make a detailed, careful review of the various reports and exhibits of the congressional committees' investigations and hearings in this matter to identify all logical witnesses, their locations, and pertinent documents involved. At conclusion of this review leads are to be set out in your division and to auxiliary offices by most expeditious means warranted. Leads are to receive TOP PRIORITY attention and are to be assigned to a sufficient number of mature and experienced Agents to insure completion at earliest possible date. Any contacts with controversial figures in this matter are to be handled by two mature and experienced Agents.

RE: CONGRESSMAN ADAM CLAYTON POWELL;**

Any press inquiries received are to be handled with a strictly "no comment" response. In the event any person contacted inquires as to the reason for the investigation, he is to be advised that the investigation is being conducted at the request of Assistant Attorney General Fred M. Vinson, Jr., of the Department of Justice. In setting out leads, instructions herein are to be furnished any auxiliary offices not receiving a copy of this communication.

Washington Field advise 4/4/67 as to (1) progress made in the review of the various congressional committee reports and hearings, as well as other available background information in this matter; (2) earliest date this review can be completed and (3) date appropriate communications will be submitted setting out all logical leads at this time.

Insure through close supervision that this case is handled with TOP PRIORITY attention, but at the same time that all logical leads are handled completely and thoroughly. Inform Bureau immediately of significant developments as they occur.

Congressman Powell is not to be contacted until all other investigation is completed and then only with prior Bureau authority.

ReBureau airtel to WFO, 3/29/67.

On 3/30/67, Department Attorney JOHN L. MC CULLOUGH made available for review 13 folders of work papers and related exhibits compiled by ROBERT D. GRAY, Chief Auditor, House Committee on Administration and his staff. The material in the folders pertains principally to travel expenses incurred during sessions of the 87th and 88th Congress.

Inquiry at the House Committee on Administration disclosed that ROBERT D. GRAY will not return to Washington, D.C., until Monday, 4/3/67. WFO Agents were initially advised that approval of the Chairman, House Committee on Administration, would be necessary in order for the Agents to review the work papers and exhibits in possession of GRAY. The Chairman, Honorable OMAR BURLESON, subsequently instructed a member of his staff to make all records available. These records consist of 61 folders of workpapers and related exhibits pertaining to the examination of records of the 89th Congress during the period 1/3/65, to 9/30/66. This material includes investigation relating to all of the subjects.

ROBERT D. GRAY, Chief Auditor, House Committee on Administration who was in charge of both House Investigations was interviewed 4/3/67, upon his return to Washington, D.C. He explained the scope of the investigation and advised that approximately 165 past and present employees of Congressman POWELL's committee staff and his clerk-hire payroll were contacted to verify their existence, period of employment, job description and that they received full salary without gratuity payment to any individual or organization. It was determined through these interviews that SYLVIA J. GIVENS performed domestic work for Congressman POWELL at Bimini for a two week period in August, 1966.

Interviews are in process concerning the reports of the use of counterpart funds submitted to the Congress by Congressman POWELL, CORRINE A. HUFF and TAMARA WALL. Preliminary information obtained indicates that little significance is placed on these reports by the Congress based on the fact that the reports appear to be required only for the purpose of publishing them in the Congressional Record.

WFO contemplates submitting separate reports concerning the use of counterpart funds, the investigation concerning the payroll status of Y. MARJORIE FLORES, aka Mrs. ADAM CLAYTON POWELL and investigation relating to travel.

This matter is receiving top priority attention and WFO is making every effort to avoid duplication of investigation previously conducted by the Committee Staffs.

UACB, WFO will set up a special indices for this case.

On the afternoon of 3/28/67, we received a lengthy memorandum from Assistant Attorney General Vinson requesting a sweeping investigation to develop all pertinent facts surrounding possible false claims for several hundred air trips by staff members of the House Committee on Education and Labor, Congressman Adam Clayton Powell and others (not identified) with no official Congressional connection. In addition, investigation was requested concerning possible payroll abuses in the employment by the Committee of Congressman Powell's wife and concerning Congressman Powell's alleged false accounting for use of counterpart funds on foreign travel. (Counterpart funds are foreign exchange currency owned by the United States for use abroad.)

The Department's request is based on information set forth in reports and hearings of two Congressional committees. Department has advised that bulky files and exhibits relating to these reports are available for review in the Fraud Section of the Criminal Division.

The Department's memorandum sets forth that the possible irregularities in this matter are centered in three areas. The first is the improper use of Committee funds of some \$20,000 for air travel by Congressman Powell, his aides and others while not on Congressional business. It is indicated that during the last three Congresses there were 451 airline tickets involved in this allegation which were purchased with Government credit cards.

The second allegation involves Powell appropriating some \$28,000 of public funds for his personal use by putting his wife, Y. Marjorie Flores, on the Committee payroll as a clerk when in fact she performed no official duties and was not present in Powell's Congressional district or his Washington, D. C., office.

REC-15
CONTINUED - OVER

77 APR 14 1967

Memo to Mr. DeLoach
Re: Congressman Adam Clayton Powell

The third involves Powell's having filed reports with a Congressional committee which reported substantially lower sums for expenditures of counterpart funds used by him and his aides on trips abroad between 1961 and 1964.

The Department's memorandum notes that the Congressional hearings have established that Powell was aware of the alleged abuses but the Government must clearly ascertain whether Powell, in approving specific trips or certifying specific vouchers for payment, was acting with full awareness of the situation; knowingly and willfully falsified material facts, and knowingly presented fraudulent claims in violation of Fraud Against the Government Statutes under the Bureau's jurisdiction.

The requested investigation will, of course, require that at the outset detailed review of the bulky files and exhibits in possession of the Department be made for pertinent information concerning the allegations and identity and location of witnesses to permit the development of and setting out of leads. The investigation necessarily will also include detailed interviews with all former and present members of the staffs of Powell and the House Committee on Education and Labor and Powell's wife. It will include reviews of appropriate Congressional committee records, airline records and interviews of airline personnel. After all investigation is completed consideration will be given to the advisability of interviewing Congressman Powell.

ACTION BEING TAKEN:

We are preparing a communication to be sent to Washington Field Office today forwarding the Department's request. Washington Field is being instructed that as many Special Agents as feasible and practicable are to be assigned to afford this case immediate, continuous and top priority attention. Washington Field is also being instructed to respond to any press inquiries that may be received with "no comment" and that if any interviewee inquires as to the reasons for the investigation, the interviewee is to be advised that the investigation is being conducted at the request of Assistant Attorney General Fred M. Vinson, Jr., of the Department of Justice.

This case will receive extremely close supervisory attention at the Bureau to assure that the investigation is thorough in all respects and is completed at the earliest possible date.

preliminary review of these records was made on 3/30/67; however, there was space for only two agents until 4/4/67, when arrangements of furniture by the Committee on House Administration made additional space available. The maximum number of agents possible are utilizing this space. The records are voluminous and consist of approximately two five-drawer file cabinets. Approximately 25% of these records have been reviewed. These records cannot be removed from the premises.

In view of the volume of records and limited space available, this review cannot be completed before 4/12/67; however, leads will be set forth on some specific apparent violations prior to this date. It is not feasible to assign additional agents at this time in view of the limited space; however, additional agents will be assigned, as necessary, after logical witnesses have been identified.

With regard to the payroll status of Mrs. ADAM CLAYTON POWELL, leads will be set out by 4/7/67, to interview Mrs. POWELL in Puerto Rico and to interview other members of Congressman POWELL's staff to determine whether she performed any work subsequent to 7/31/65. Copies of approximately 18 of her payroll checks are being obtained and will be submitted to the Laboratory along with signature specimens.

Concerning the use of counterpart funds by POWELL, TAMARA WALL and CORRINE A. HUFF, five interviews have been completed with several additional interviews to be conducted. A report concerning the requirements for reporting these expenditures and the significance of these reports to the operations of Congress will be submitted by 4/10/67. Interviews conducted to date indicate that little significance is placed on these reports by the Congress because the reports appear to be required only for the purpose of publishing them in the Congressional Record.

As information is obtained from the records relating to other specific violations, leads will be set out immediately.

GENERAL INVESTIGATIVE DIVISION

Attached is Washington Field's progress report concerning investigation requested in this matter by Criminal Division on 3/28/67. Investigation involves possible false statements and false claims to the Government in the following three situations: (1) improper use of congressional committee funds of some \$20,000 for air travel by Congressman Powell, his aides, and others while not on congressional business. Some 400 airline tickets are involved in this allegation which were purchased with Government credit cards. Some of the travelers used assumed names, others have not been identified, and some of the travelers have no official congressional connection; (2) personal use of some \$28,000 of public funds by Powell which were obtained by putting his wife on the committee payroll when, in fact, she performed no official duties, and (3) false accounting by Powell and his aides as to use of counterpart funds for foreign travel. (Counterpart funds are foreign exchange currency owned by the United States for use abroad.)

This case is being given top priority attention and you will be kept advised of pertinent developments as they occur.

During the 89th Congress the Committee on House Administration became concerned with reports of possible irregularities in the handling of appropriated funds by Representative Adam Clayton Powell and the House Education and Labor Committee. Interest centered on the cost of the Education and Labor Committee's operations, particularly in the area of excessive travel, as well as the status of Y. Marjorie Flores, Mrs. Powell, who allegedly performed no services for the salary she received. In the latter part of 1966, the Committee on House Administration issued instructions for the cancellation of airline credit cards issued to the Committee on Education and Labor and notified the then Chairman of that Committee, Mr. Powell, that all future travel must have the prior approval of the Committee on House Administration. An audit of the expenditures of the Committee on Education and Labor was authorized, as well as an inquiry into Mrs. Powell's employment as a clerk for the Committee at an annual salary of \$20,578.

The powers and duties of the Committee on House Administration include: (1) auditing and settling of accounts charged to the contingent fund, (2) employment of persons by the House, (3) expenditures of contingent funds and (4) measures relating to the travel of House members. On October 5, 1966, it designated a Special Subcommittee on Contracts to conduct the audit and inquiry. Examination of records was limited to the 89th Congress with the audit period being January 3, 1965 to September 30, 1966. Data was compiled on expenditures of the entire Committee on Education and Labor and its subcommittees.

On January 3, 1967, the Special Subcommittee on Contracts of the Committee on House Administration issued its report. The report contains specific conclusions and recommendations, and in support of these cites particular instances with pertinent testimony of witnesses.

When the 90th Congress met to organize on January 10, 1967, the right of Mr. Powell to be sworn in and be seated was referred to a Select Committee appointed pursuant to House Res. 1 which, on February 23, 1967, submitted its report. It incorporated by reference the report, exhibits and hearings of the Special Subcommittee on Contracts.

Copies of the reports and hearings of both the Special Subcommittee on Contracts and the Select Committee are forwarded herewith. Pertinent files and exhibits prepared by the Select Committee are available for your information and review, and are now in the custody of the Fraud Section of the Criminal Division, Room 1221, 633 Indiana Avenue, N.W., Washington, D.C.

The Special Subcommittee on Contracts concluded, inter alia, that:

C. C. H. H.
(1) Representative Powell and

D.C. Miss Corrine A. Huff, a staff employee of the Committee on Education and Labor, used assumed names on many airline flights purchased with Committee credit cards, thus deceiving the approving authority as to the number of trips made.

(2) The deceptive practice of using names of staff employees on airline tickets not used by said employees appears to be a scheme devised to conceal the actual travel of Representative Powell, Miss Huff and others, so as to prevent questions being raised as to whether they were on Committee business.

D.C. (3) One staff member, Mrs. Emma T. Svann, was favored with personal vacation trips, the transportation being purchased with Committee airline credit cards and the

cost thereof charged to the contingent fund.

(4) Representative Powell placed on the staff of the Committee on Education and Labor one Sylvia J. ~~W~~^Wivens who had been hired for the express purpose of doing domestic work for him when he traveled, as well as for performing clerical work in his committee offices. D.C.

(5) Persons with no official Congressional connection were provided travel by Representative Powell, transportation procured through Committee airline credit cards and paid for from the contingent fund.

(6) Failure of staff members, allegedly on official business, to submit vouchers for travel expenses and subsistence raised questions as to whether such travel was actually on Congressional business.

(7) A presumption was raised that Y. Marjorie Flores (Mrs. Adam Clayton Powell) was receiving compensation as a clerk for Representative Powell contrary to law. The Committee concluded that she was not performing the services for which she was compensated, in Mr. Powell's offices in the District of Columbia, the State of New York, or the district which he represented, as required by Public Law 89-90, 89th Congress.

(8) All vouchers for payment of travel costs of the Committee bore Mr. Powell's signature certifying said vouchers to the Committee on House Administration for payment from the contingent fund.

The Select Committee broadened the scope of investigation into air travel expenditures to include the 87th and 88th Congresses. Also it analyzed immigration records and records of air taxi operators developing that

many of the trips by Mr. Powell and staff members to and from Miami, Florida were destined for or originated in Bimini in the Bahamas. It also developed more fully the Clerk-hire status of Mrs. Adam Clayton Powell.

With respect to the 87th and 88th Congresses, the Select Committee found the House Education and Labor Committee was charged \$8,055.57 for 105 airline tickets for which no related subsistence claim was made. In the 89th Congress there were 346 such trips involving charges of \$12,576.82, of which 82, costing \$6,490.63, related to Miami trips.

It concluded from investigation as well as personal testimony of Y. Marjorie Flores that Mr. Powell appropriated \$26,505.34 of public funds for his personal use from July 31, 1965, to January 1, 1967, by allowing salary to be drawn on behalf of Y. Marjorie Flores as a clerk-hire employee when she was his wife and not an employee, in that she performed no official duties and further was not present in the State of New York or in Mr. Powell's Washington, D.C., office.

Finally, the Select Committee ascertained from the Department of State that, as Chairman of the Committee on Education and Labor, Mr. Powell received from the State Department in 1961, 1962, 1963 and 1964 reports as to the amount of expenditures of foreign exchange currency in United States funds he made while abroad during these years, as well as similar expenditures made by Miss Corrine Huff and Miss Tamara Wall in 1962. Subsequently, as Chairman of the Committee on Education and Labor, Mr. Powell filed with the Committee on House Administration reports listing substantially lower sums for these expenditures which were then published in the Congressional Record.

United States v. Branblett, 348 U.S. 503, 507 (1956) extends 18 U.S.C. 1001 to the Legislative as well as the Executive branch of the Government where "administrative housekeeping" functions are involved, Morgan v. United States, 309 F. 2d 234 (D.C. Cir. 1962). By analogy 18 U.S.C. 287 would have co-extensive application. Concealments from the Committee on House Administration or fraudulent claims presented thereto may constitute indictable offenses. If more than one culpable individual were involved in any substantive violation, consideration would also be given to possible violations of 18 U.S.C. 371, conspiracy to violate statutes or to defraud the United States.

The investigation to be undertaken in this case should develop all pertinent facts surrounding claims for travel both by Committee and non-Committee personnel, possible Committee payroll abuses, and accountings for expenditures while on foreign travel. All instances of apparent irregularity, as reviewed in the two Committee reports and hearings, should be thoroughly explored as well as any other instances of questionable activity that examination may disclose.

The areas for additional investigation in those situations where travel was in assumed names would include attempts to ascertain who actually performed the travel and whether the travelers were on Committee business. As indicated earlier, the Special Subcommittee considered the alleged deceptive practices constituted material concealments on the theory that they prevented the Committee on House Administration from ascertaining the legitimacy of the travel.

As to staff members traveling in their own names but not claiming travel or subsistence allowances, investigation should establish whether the trips were connected with Committee functions in any way.

While the hearings contain testimony to the effect Representative Powell was cognizant of and sanctioned the alleged travel abuses, the Government must clearly ascertain whether Mr. Powell, in approving specific trips or certifying specific vouchers for payment, was acting with full awareness of the situation and if he knowingly and wilfully falsified material facts and knowingly presented fraudulent claims.

Your inquiry should include contact with the General Accounting Office and, more particularly, Mr. Robert D. Gray, the Select Committee's chief auditor. He also performed similar tasks for the Special Subcommittee on Contracts, and it is quite possible his tabulation of pertinent records and data will materially assist and expedite the investigation.

Contact should also be made with the various air taxi operators for details on the Miami-Bimini trips. And, in all cases investigated, attempts should be made to interview the persons reported to have made the trips in question.

With regard to the clerk-hire status of Mrs. Powell, the investigation should attempt to ascertain from her, from Committee personnel, and from others having any knowledge of the matter, whether she performed any work for the Committee subsequent to July 31, 1965 and, if so, the nature of her services. In addition, the circumstances of the handling, endorsement, negotiation, and ultimate disposition Mrs. Powell's salary checks should be thoroughly explored.

In connection with the expenditure of counterpart funds, their availability for use by Congressmen on foreign travel is provided for in 22 U.S.C. 175 4(b), which also requires that an appropriate report be made to the Congress. Your inquiry should establish, through contact with the House Committee on Appropriations or appropriate members of its staff, the requirements for reporting these expenditures and the significance of these reports to the operations of the Congress.

Included in the request was the matter of Mrs. ADAM CLAYTON POWELL, under her maiden name, YVETTE MARJORIE FLORES, being on POWELL's congressional payroll as a clerk for which she allegedly performed little or no services. It was requested investigation attempt to ascertain from her as well as others whether she performed any services for the Congressman and/or the Committee on Education and Labor subsequent to July 31, 1965, and, if so, the exact nature of services rendered.

Review of material made available to WFO by the Staff of Committee on House Administration reflects FLORES appointed by POWELL effective 10/1/58. She has continued on the payroll until 12/21/66 when the Chairman of the Committee on House Administration ordered the Clerk of the House of Representatives to remove her name from POWELL's payroll upon direction of the full committee.

FLORES was interviewed by SAC [REDACTED] and SA (FNU) [REDACTED] U. S. Secret Service, San Juan on 10/5/66. During said interview FLORES was exhibited photostats of 19 Treasury checks (Not described fully in report) presumably checks for the period 1/1/65 - 7/31/66. FLORES denied the endorsement appearing on each as her own; denied she had authorized the endorsements; claimed to the best of her knowledge she had never given subject authority to negotiate the checks. She was unable to advise if she received any of the proceeds of the checks. FLORES did not appear before the hearings held by this committee although exhaustive efforts were expended to have her appear. b7c

Various witnesses before this committee were examined concerning FLORES' work with the Congressman's office. With the exception of AURORA E. HARRIS, who worked for POWELL from July, 1963, through June, 1965, no witness affiliated with POWELL testified FLORES performed any work at POWELL's offices in New York or Washington, D. C. HARRIS indicated FLORES was sent some correspondence during HARRIS' employment.

WFO 46-8853

LOUISE M. DARGANS, Chief Clerk, Committee on Education and Labor, on 12/19/67, testified before the Committee on House Administration she endorsed all but three of the above checks and deposited them to POWELL's account. The checks not signed by DARGANS are those she identified as dated 8/31/65, 11/30/65, and 12/20/65.

A Select Committee of the House formed to report upon the right of POWELL to be sworn as Representative in the 90th Congress held hearings on 2/8, 14, 16/67. FLORES appeared before this committee on 2/16/67. She testified she has performed no work whatsoever for POWELL since June or July, 1965. Prior to that she performed little work and in 1963 and 1964 had no more than two hours per day of work.

FLORES also testified receiving only two Treasury checks for salary from 1961 through 1966 and these were checks for salary in November and December, 1966. These checks were sent to FLORES at her request instead of POWELL's office.

Reproductions of the 19 checks in question are set forth on pages 208-217 of the enclosed hearings. WFO has requested five additional checks payable to FLORES for the period August through December, 1966, and these will be forwarded to San Juan upon receipt from Treasury.

LEAD

SAN JUAN

AT BARRIO CERRO GORDO IN VEGA ALTA, PUERTO RICO.
Will locate and interview Mrs. POWELL, aka Y. MARJORIE FLORES. Interview must be thoroughly penetrative securing complete details concerning work she performed for POWELL's Congressional office and/or the Education and Labor Committee. Determine identities of anyone who could testify FLORES did not perform

WFO 46-8853

any work for POWELL during the pertinent periods. The photostats of the checks should be shown to FLORES and handwriting specimens should be secured and forwarded to WFO. Determine if possible the amount of money she received from the proceeds of the checks. Sworn statements should be secured.

Will also conduct investigation independent of the FLORES interview to establish if she performed any work for POWELL's office since it is improbable her testimony could be used against POWELL in court.

In all investigations, the period 7/31/65 through 12/31/66 should be concentrated upon; however, the period previous to 7/31/65 should be kept in mind during investigations and appropriately covered during investigations.

Airline tickets obtained with House Committee credit card indicate that ADAM CLAYTON POWELL traveled WDC to San Juan 1/29/65 and returned 2/2/65; Baltimore to San Juan 2/19/65 and returned 2/23/65; New York City to San Juan 9/19/65 and then returned to Baltimore 9/20/65. He made no subsistence claim for these trips. In connection with a trip in March, 1964, he claimed per diem for 6 days at \$24 commencing 3/23/64. During the interview of Mrs. POWELL and other logical sources attempt to determine if POWELL conducted any official business while in Puerto Rico, particularly for the Comm. on Education and Labor.

As San Juan is aware this case is to receive TOP PRIORITY ATTENTION. Interviews must be handled by sufficient number of mature and experienced Agents to insure completion at the earliest possible date.

Re Washington Field airtel 4/7/67 to Bureau and
San Juan.

For the information of Washington Field and auxiliary offices which will receive leads in captioned matter, Bureau instructions are that all leads in this case are to be assigned and handled forthwith and reported within five days of receipt in all situations feasibly possible. When such coverage and reporting cannot be handled because of reasons beyond your administrative control such as extensive review of records, unavailability of witnesses and the like, an airtel is to be submitted by Wednesday of each week by each office having any uncompleted leads of this type until the investigation is concluded. This airtel is to set forth an outline of the work accomplished, comments as to any positive results, work remaining, number of Agents assigned full time, what particular circumstances exist which fully justify the time being taken to thoroughly handle the leads, and any other comments that might be appropriate which would be helpful to the Bureau in following the progress of this case and in reviewing the specific action being taken by each office to insure that it is receiving top priority attention in every respect.

Enclosed for New York are four copies of each of four Eastern Air Lines transportation receipts further described later in this airtel.

Mrs. LOUISE MAXIENNE DARGANS, former Chief Clerk, U. S. House of Representatives Committee on Education and Labor, in her sworn testimony before the Special Subcommittee on Contracts, Committee on House Administration on 12/19/66, furnished the following information relative to the purchase of certain airplane tickets:

DARGANS held an airline credit card which bore both her name and the name of her committee and when authorized by the chairman of the committee, ADAM CLAYTON POWELL, JR., or appropriate subcommittee chairman, she purchased airline tickets for committee staff members.

On Sunday, 3/28/65, while at a social gathering in Washington, D.C., POWELL requested DARGANS to purchase with her credit card four one-way airline shuttle tickets from Washington, to New York City in the names of four staff members, DONALD L. ANDERSON, AURORA E. HARRIS, ODELL CLARK and DARGANS, herself and turn them over to Mrs. LILLIAN UPSHUR, a clerk on POWELL's congressional staff who is based in New York City. At the time, POWELL gave her the instructions the four persons who were actually going to be the travelling were with him. They were Mrs. UPSHUR, Mrs. PEARL SWANGIN, JACK DUNCAN and POWELL's son, ADAM CLAYTON POWELL, III. ODELL CLARK and DARGANS were the only committee staff members present when POWELL issued the instructions.

DARGANS went to the airport with UPSHUR, SWANGIN, DUNCAN and ADAM CLAYTON POWELL, III, and the Eastern Air Lines agent there informed her that shuttle tickets could not be purchased on her credit card before boarding the flight, but had to be purchased in flight. DARGANS then gave her credit card to UPSHUR with the assurance that UPSHUR would make the four purchases in flight and return the card as soon as she reached New York, which she did. Four Eastern Air Lines, Inc., transportation receipts all dated 3/28/65, for shuttle service between New York City and Washington, D.C. (good in either direction) under ticket numbers 471146, 471147, 471148 and 471149, with signatures of DON ANDERSON, ODELL CLARK, AURORA HARRIS and "MAXIENNE M. DARGANS" respectively, were identified by DARGANS as having been purchased with her credit card. She said the signature "MAXIENNE M. DARGANS" on the receipt for ticket #471149 was not her signature. Subsequent to 3/28/65, DARGANS asked ANDERSON, CLARK and HARRIS to come to her office and sign a receipt form called a T-4 for that date to show receipt of above tickets and they did so, knowing they were signing for receipt of tickets purchased with Government funds, which tickets they had not used. DARGANS said she did not know the employment or exact address of SWANGIN or DUNCAN, but know they lived in New York City and

WFO 46-8853

she also said she did not know who actually boarded the airplane. The address and employment of ADAM CLAYTON POWELL, III, was not set out.

ANDERSON and HARRIS, when testifying on 12/20/66, denied making the trip on 3/28/65, and stated the signatures on transportation receipts for tickets numbered 471146 and 471148 were not theirs. CLARK, when testifying on 12/19/66, was shown transportation receipt for ticket number 471147, which bears his name and he stated he did not know if the signature was his and he did not remember the flight or if he made it. When asked if he filled out or signed a T-4 form, to show receipt of an airline ticket, he said he had on occasion filled out forms but did not know the name of the forms. CLARK was Chief Investigator for the House Committee on Education and Labor at the time he testified. He had been with that Committee since 1961, and gave his address as 120 West 138th Street, New York City.

C. SUMNER STONE, JR., Special Assistant to Chairman POWELL, Committee on Education and Labor, when testifying on 12/19/66, identified SWANGIN as Miss PEARL SWANGIN, an old family friend of POWELL who resides on Edgcomb Avenue, New York City, number unknown, and advised that one JACK DUNCAN, a friend of POWELL, is an undertakerr in New York City.

The Auditor's file of the Special Subcommittee on Contracts reflects that LILLIAN W. UPSHUR, 2160 Madison Ave., New York, N.Y., was on POWELL's congressional staff for at least the period of January, 1965 through September, 1966.

The Select Committee Pursuant to House Resolution Number 1 employed the Wackenhut Corporation to perform certain investigation in connection with its inquiry into the right of POWELL to be sworn in and on 2/14/67, an investigator of that corporation interviewed UPSHUR at her place of employment District 65, Retail-Wholesale Department Store Union (CIO), 13 Astor Place, New York City, relative to her employment by

WFO 46-8853

POWELL. She declined to furnish any information other than to confirm her name, address and employment by POWELL. She entered into a political conversation regarding POWELL, and asked why the investigator was "picking on" him. She was subsequently recontacted, refused to answer any questions and said she would be available for interview on Monday or Thursday evenings at the Alfred E. Isaac Democratic Club, 2495 Seventh Avenue.

New York is requested to locate and interview Mrs. LILLIAN UPSHUR, PEARL SWANGIN, JACK DUNCAN and ADAM CLAYTON POWELL, III, for all information available relative to their knowledge of or participation in the 3/28/65, shuttle flight from Washington, D.C., to New York City, and specifically whether any official Committee business was involved.

Inasmuch as the handwriting on the transportation receipts may become an issue, attempts should be made to obtain handwriting specimens from these individuals.

ODELL CLARK is reported to be in Washington, and interview with him is being held in abeyance pending result of current attempts to locate pertinent T-4 forms and other background investigation.

Concerning the use of counterpart funds, it has been determined that Congressmen and/or staff members submit record of expenditures to the chairman of their committee who summarizes the information for the House Administration Committee (HAC). HAC does not audit reports, but merely passes information on for printing in the Congressional Record. Counterpart funds under control of Treasury Dept.; however, Dept. of State handles administration of funds, but performs no audit functions. Law, according to sources contacted, provides no penalty for failure to file report on expenditures for travel abroad nor for the accuracy of reports. From review of State Dept. letter to Select Committee listing counterpart funds received, it appears that POWELL, TAMARA WALL and CORRINE HUFF, in most instances, omitted travel expense amounts from their reports to Congress.

WFO investigation, in accordance with Criminal Division letter, was limited to determine the requirements for reporting the use of counterpart funds and the significance of these reports to the operations of Congress. It is to be noted that no vouchers were submitted in connection with these counterpart funds.

The San Juan Office has been requested to interview Y. MARJORIE FLORES (Mrs. POWELL) concerning the nature of work, if any, performed by her as a member of POWELL's clerk-hire staff and to determine her knowledge concerning the depositing of her payroll checks by POWELL in his bank account.

The San Juan Office is also being requested to interview ALFREDO VIDAL CHACON who testified before the Special Subcommittee on Contracts that he was on the payroll of the Committee on Education and Labor during April, 1965, and resided part of the time at the Congressional Hotel, Washington, D.C. Inquiry at the hotel by WFO disclosed no record of CHACON during February, March or April, 1965.

The review of records received by the Criminal Division from the Select Committee relating principally to travel during the 87th and 88th Congress has been completed. On 4/12/67, WFO will complete the review of records prepared by the staff of the Special Subcommittee on Contracts relating to investigation during the 89th Congress.

Congressman CARL D. PERKINS, Kentucky, who replaced POWELL as Chairman of the Committee on Education and Labor, advised WFO Agents 4/11/67, that he has instructed his staff to cooperate in this investigation.

On 4/12/67, WFO will interview Mrs. LOUISE MAXIENNE DARGANS, a current employee of the staff and former Chief Clerk of the staff under POWELL. Mrs. DARGANS was apparently involved with the travel procedures of the committee and

WFO 46-8853

admitted before the Special Subcommittee on Contracts that she endorsed the signature of Y. MARJORIE FLORES to FLORES' payroll checks and deposited the checks to POWELL's bank account.

Leads are being set out to New York to conduct interviews concerning a 4/28/65 flight from Washington, D.C., to New York when Mrs. DARGANS, at POWELL's request, used her Committee travel card to purchase tickets for three friends of POWELL and his son. The tickets indicated they were used by staff members.

A schedule is being prepared of travel by the Committee between New York or Washington, D.C. to Miami which approximated \$6,500 during the 89th Congress. Many of these trips were continued by travel to Bimini. Miami will be requested to contact air taxi companies utilized in travel between Miami and Bimini and verify trips and to attempt to obtain additional information. WFO will set out leads by 4/14/67, to interview individuals regarding the aforementioned travel and any other travel charged on Committee credit cards for which no subsistence was claimed.

This case is continuing to receive top priority attention and Bureau will be advised of developments.

Synopsis:

Criminal Division, Department of Justice, advised of discrepancy between the State Department reports and reports filed by ADAM CLAYTON POWELL, CORRINE A. HUFF, and TAMARA WALL concerning expenditures of counterpart funds. Investigation requested to determine requirements for reporting expenditures and significance of reports to operations of Congress. Chief Clerk, House Administration Committee (HAC), advised that expenditures of counterpart funds by Congressmen and employees is covered by Section 502(b) of Mutual Security Act of 1954. Initially, there was no limitation on amounts expended. Chairman of Committees submit letter to U. S. Department of State (USDS) reporting identity of individuals traveling abroad along with request that counterpart funds be made available. Maximum of \$50 per day exclusive of transportation costs are furnished. Individuals submit record of expenditures to their Chairman who summarizes information for HAC. HAC does not audit reports but merely passes information on for printing in Congressional Record. Counterpart funds under control of Treasury Department;

however, USDS handles administration of funds, but performs no audit functions. Law, according to sources contacted, provides no penalty for failure to file report on expenditures for travel abroad nor for the accuracy of reports. Reports filed by POWELL, 1961 to 1964, generally omitted travel expense amounts.

DETAILS: AT WASHINGTON, D. C. (RE: COUNTERPART FUNDS)

Mr. FRED M. VINSON, Assistant Attorney General, Criminal Division, United States Department of Justice, by letter dated March 27, 1967, to the Director, FBI, enclosed copies of the reports and hearings of both the Special Subcommittee on Contracts, Committee on House Administration, 89th Congress, and the Select Committee Pursuant to House Resolution One, 90th Congress. Mr. VINSON requested investigation to develop all pertinent facts surrounding claims for travel both by House Committee on Education and Labor and non-Committee personnel, possible Committee payroll abuses, and accountings for expenditures while on foreign travel. He further requested that all instances of apparent irregularity, as reviewed in the two Committee reports and hearings, should be thoroughly explored as well as any other instances of questionable activity that examination may disclose.

This report contains only the results of investigation relating to the use of counterpart funds. In this regard, the Criminal Division letter requested that inquiries be made to determine the requirements for reporting these expenditures and the significance of these reports to the operations of Congress.

The report of the Select Committee submitted February 23, 1967, included a finding that "as Chairman of the Committee on Education and Labor, Mr. POWELL made false reports on expenditures of foreign exchange currency to the Committee on House Administration." According to

- 2 -

WFO 46-8853

the report, the Select Committee ascertained from the Department of State that, as Chairman of the Committee on Education and Labor, Mr. POWELL received from the State Department in 1961, 1962, 1963, and 1964 reports as to the amount of expenditures of foreign exchange currency in United States funds he made while abroad during these years, as well as similar expenditures made by Miss CORRINE HUFF and Miss TAMARA WALL in 1962. Subsequently, as Chairman of the Committee of Education and Labor, Mr. POWELL filed with the Committee on House Administration reports listing substantially lower sums for these expenditures which were then published in the Congressional Record. The amounts received and the amounts reported are as follows:

<u>Year</u>	<u>Amounts Received By</u> <u>ADAM CLAYTON POWELL</u>	<u>Amounts Reported By</u> <u>ADAM CLAYTON POWELL</u>
1961	\$5,777.21	\$3,283.37

FEDERAL BUREAU OF INVESTIGATION

Date April 10, 1967

Mr. JULIAN P. LANGSTON, Chief Clerk, House Administration Committee was contacted regarding his knowledge and procedures for handling the counterpart funds utilized by members of the House of Representatives.

Mr. LANGSTON advised that the Regulations relating to the accounting for funds expended for Foreign travel comes under Section 502(b) of the Mutual Security Act of 1954, as amended by section 401(a) of Public Law 86-472, approved May 14, 1960, section 105 of Public Law 86-628, approved July 12, 1960, and section 402 of Public Law 88-633, approved October 7, 1964. These sections require the reporting of expenses incurred in connection with travel outside the United States, including both the foreign currencies expended and the dollar expenditures made from appropriated funds by Members, employees, and committees of the Congress. In addition, a House Resolution authorizing Members and employees of specific committees to travel to foreign countries may place a limitation on foreign travel. Mr. LANGSTON noted that the regulations relating to the accounting for funds expended for foreign travel also called for the following reports:

Report of the Individual

Upon returning from each trip to a foreign country, each Member or employee of a committee shall prepare an itemized report of the amounts expended for travel outside the United States. The report should show the amounts and dollar equivalent values of each foreign currency expended and the amounts of dollar expenditures made from appropriated funds. The expenditures should be classified by the amounts spent for lodging, meals, transportation, and other purposes. The report should show what, if any, funds were from other Agencies also.

On 3/31/67 at Washington, D. C. File # WFO 46-8853

by SAs [redacted] and [redacted] b7c tjd Date dictated 4/6/67

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The Members and employees submit these reports to the Chairman of their Subcommittee or Committee which authorized the foreign travel.

Subcommittee Report

As soon as possible after Congress convenes in each calendar year, the chairman of each subcommittee submits a summary of the travel reports. This report is a consolidation of the individual reports showing all trips to the same foreign country by any individual. The original of the report is signed by the chairman of the subcommittee and submitted to the chairman of the full committee. The subcommittee should retain in its files a copy of this report along with the original individual reports.

Full Committee Report

The full committee in turn submits a consolidated report within the first 60 days that Congress is in session in each calendar year. This report contains the report of each subcommittee report. Trips to the same foreign country by a single individual are consolidated and entered in total on the report. The original of the report is signed by the chairman and forwarded to the Committee on House Administration for insertion in the Congressional Record. The Committee retains a copy for its files of its report together with the supporting subcommittee reports.

Comments of Mr. LANGSTON

Mr. LANGSTON reported that initially the ruling was that there was no limit on the amount of counterpart funds available to any one Member and/or employee and no report was required. However, with the passage of 22 United States Code 1754 of the Mutual Security Act as Amended in 1964, a limit was placed of \$50 per day per person exclusive of the actual cost of transportation.

Mr. LANGSTON related that they (the House Administration Committee) had devised two suggested forms to be utilized in reporting the expenditures. One, a blue form (Form B), was suggested for the use of Individuals; a yellow form (Form C), was suggested for use by the Committee or the Subcommittee. Mr. LANGSTON stated that although these forms were devised for such use, they were merely a suggested form and no individual, Committee, or Subcommittee were compelled to use them. He explained that it was his opinion that many Members of Congress kept no detailed notes on their expenditures abroad and generally waited for the State Department report to their Chairman and used this latter report as a basis for submitting their own reports to their respective Chairman.

Mr. LANGSTON stressed that the House Administration Committee made no audit, nor examination of any kind of the reports submitted to them by the various Committees and/or Subcommittees and their only function was to see that the information was forwarded for publication in the Congressional Record. He added that to his knowledge, the Act provided no penalty for either reporting incorrect information by any individual or for even the failure of submitting a report at all. He stated that they have on occasions in the past, submitted reports for publication in the Congressional Record which would note that certain reports were omitted; he stated that when these reports were received at a later date, they would be submitted for publication in the Congressional Record.

Mr. LANGSTON further reported that the House Administration Committee received no reports from the State Department and he assumed that the various Committees and/or Subcommittees retained such State Department records in their own files.

Mr. LANGSTON advised that in regard to the report he submitted under date of February 16, 1967, to Honorable EMANUEL CELLER, Chairman, Special Committee Pursuant to House Resolution 1, 90th Congress, which is reflected on page 266 and 267 of that Select Committee's Hearings publication dated February 8, 14, 16, 1967 regarding ADAM CLAYTON POWELL, this information was all taken from the Congressional Record. Mr. LANGSTON explained that the Committee on House Administration keeps no such records in its files.

At the time Mr. JULIAN P. LANGSTON, Chief Clerk, House Administration Committee, was interviewed, he recommended that Mrs. BESS E. DICK, Staff Director of the House Judiciary Committee be interviewed also as she was probably well-versed in the utilization of counterpart funds and the reporting of same.

On April 3, 1967, BESS DICK advised SA [redacted] b7c that initially the law was such that a Chairman of a Committee and/or Subcommittee could send any number of individuals abroad and there was no limit on the amount of money such a group could spend. Then in about 1963 or 1964, the House Rules Committee got Congress to change the rule so as to require the Chairman to name the number of individuals intending to go abroad, their purpose, and also to limit the per diem to \$50 per day.

DICK advised that the law provides no penalties and that it was merely a House device to possibly limit the number of Congressmen and/or employees traveling abroad. She stated that it was her opinion that the Chairmen never bothered to review the expenditures submitted by the Members and/or employees; furthermore, it would be very difficult for any Chairman to prove the accuracy of such a report. She noted that those traveling abroad had until about March 1 to submit an itemized expenditure for their travels the previous 12 months; however, many, if not most, encounter some difficulty in compiling an accurate report and thus rely on reports from the State Department showing their expenditures before submitting their own reports.

DICK added that she did not believe that the law could compel an individual to submit a report. The only penalty she could envision would be that the Congressman failing to do so would be placing himself in a position of being publicly criticized by newspapermen and/or his political opponent.

BOYD CRAWFORD, Staff Administrator, House Foreign Affairs Committee, House of Representatives, Washington, D. C., was interviewed to obtain information concerning procedures for obtaining and accounting for counterpart funds used by Committee members when traveling abroad. CRAWFORD said he was aware that the House Education and Labor Committee had been criticized on their accounting for such funds, but knew nothing further about that difficulty, and could only state what his experience had been as Staff Administrator for the Foreign Affairs Committee. He furnished the following:

Committee chairmen are the only persons who can authorize foreign travel and they send a letter to the State Department advising who will travel, dates, countries to be visited, and length of stay in each country. The letter requests that local currency be made available. The State Department notified its embassies concerned and upon arrival in the foreign country, the traveler gets \$50 per day per diem from the embassy representative plus unlimited extra funds for travel. If the travel funds are not used up, the traveler can turn them in or settle at the end of the year for any overage, paying such amount to the United States Treasury. The \$50 per day per diem funds need not be accounted for regardless of how much or how little is spent, but the travel funds have to be fully accounted for and accurately stated.

When traveling in some areas, the military or others make available transportation and the cost of such travel is unknown until the State Department advises the Committee how much was involved in travel costs. For this reason members and Committees usually await travel expense information from the State Department before filing reports with the House Administration Committee, which in turn has that data published in the Congressional Record. The information is to be filed 60 days after a new session of Congress begins.

In any event, CRAWFORD saw no reasonable excuse as to why the records of State Department and those filed by the Committee should not be in agreement, including all travel. There is no provision for leaving out travel costs and proper reporting requires that this be done.

CRAWFORD said there is, to his knowledge, no criminal penalties for improper filing or accounting for funds expended during foreign travel, but this would have to be determined by proper legal authorities.

CRAWFORD pointed out that prior to 1964, the traveler was entitled to unlimited living expenses abroad but the expenses had to be substantiated by appropriate hotel or other bills. Also during that period it was "considered the patriotic thing to do" to use counterpart funds for personal purchases in foreign countries and reimburse the United States Treasury later for such counterpart funds expended on personal items. After 1964, when the per diem rates were established, this did away with unlimited expense and accounting for living expenditures, but still left the travel expense as an item to be precisely accounted for.

CRAWFORD said his Committee makes certain that its records agree precisely with those of the State Department and if there is any variance, an inquiry is made to identify and correct any differences. He would be unable to understand why this procedure would not be uniform with all Committees.

WFO 46-8853

known as the Control Officer, would obtain a receipt from the traveling official for the amount. The traveling official was to return the per diem and/or travel tickets not used to the Embassy and he would be given a receipt for same. The Embassy would then report to the USDS in Washington, the net amount of expenditures utilized by any one Member and/or employee so authorized to travel.

Mr. LEAHY reported that he did not know if there were any criminal violations involved if there were a discrepancy in the amounts drawn and the amounts used and pointed out that the USDS did not take it upon itself to maintain such records; the USDS position was that of just administering the funds for the Treasury Department and reported the funds used and the balance of such counterpart funds from time to time.

Mr. LEAHY advised that Mr. JOHN E. MANION, the Foreign Exchange Officer, Office of the Budget, USDS, maintained the records of monies expended.

Mr. JOHN E. MANION, Foreign Exchange Officer, Financial Services Division, Office of Operations, United States Department of State advised SAs [REDACTED] and [REDACTED] that he had searched their records for only the years 1964-1965 regarding counterpart funds made available to ADAM CLAYTON POWELL and some others, and referred the Agents to Mr. ANDY WALLEN and Mr. MELVIN HINES of their department for more detailed information as these latter two individuals did most of the work. b2

Mr. KNUTE E. MALMBORG, Attorney Advisor, Office of Assistant Legal Advisor for Economic Affairs, United States Department of State was contacted by SAs [REDACTED] and [REDACTED] on April 3, 1967, and could furnish no additional information to that furnished by Mr. JOHN S. LEAHY, JR., supra. b7c

Date April 10, 1967

Mr. ANDY WALLEN, Special Assistant, Financial Services Division, Office of Operations, United States Department of State (USDS), Annex 15, Arlington, Virginia, was contacted regarding his knowledge of the report submitted by Mr. DOUGLAS MAC ARTHUR II by letter dated February 20, 1967, to Honorable EMANUEL CELLER, Chairman, Select Committee Pursuant to House Resolution 1, House of Representatives, which is printed on page 268-269 of the publication entitled "Hearings before Select Committee Pursuant to H.Res.1" regarding ADAM CLAYTON POWELL.

Mr. WALLEN requested he be interviewed in the presence of Mr. MELVIN HINES, a Foreign Currency Assistant in the Financial Services Division of the USDS as Mr. HINES was instrumental in preparing the USDS report which is set forth in Mr. MAC ARTHUR's letter.

Mr. WALLEN reported that the USDS report was prepared on a basis of an examination of their records; that Mr. HINES examined the records for the year 1966, Mr. JOHN E. MANION, the Foreign Exchange Officer, did the work for the years 1964-1965, and that Mr. SPROLES of their office did all the other work. He added that Mr. SPROLES was now deceased, but that Mr. HINES was very familiar with their records and would be able to reconstruct the data.

Mr. WALLEN explained that the USDS would be notified by a Chairman of a Committee or Subcommittee when an individual was traveling abroad and whether the individual was traveling on 19FT510 funds (counterpart funds). The USDS took this as an authorization for notifying the appropriate Embassy or Embassies of this travel and that the 19FT510 funds were or were not to be used.

Mr. WALLEN pointed out that Section 402, Public Law 88-633 sets a limit on the amounts of foreign currencies available in non-excess currency countries to authorized delegations for official expenses to the equivalent of \$50 per day subsistence per individual plus transportation costs; however, the legislation does not limit amounts available for subsistence in excess currency countries. Mr. WALLEN explained that thus in excess currency countries, it was quite possible for an individual to have unlimited amounts available if the Chairman of his Committee or Subcommittee so authorized it. He added that as a matter of practice, he could not recall where they had ever received such a letter from a Congressional Chairman; on the contrary, the letters always placed a ceiling of \$50 per day per diem.

Mr. WALLEN stated that their regulations further called for the monies to be distributed by the United States Department of State disbursing officer immediately upon arrival of the group at the airport or station. The disbursing officer at the post utilizes a Form DS-1165 for receipting of local currency funds advanced and returned. The Form DS-1165 is prepared in quadruplicate, the original to be signed by the person receiving the funds, who receives a duplicate. The original is sent to Washington, Financial Services Division, with the account current; one is kept by the disbursing officer; and one is kept by the control officer. All Forms DS-1165 must show the appropriate committee which authorized the advances.

Mr. WALLEN noted that the United States Missions abroad act merely as bankers and have no jurisdiction over the expenditures incurred by authorized Congressional delegations.

A review of the State Department letter to the Select Committee dated February 20, 1967, which itemized the counterpart funds received by ADAM CLAYTON POWELL, TAMARA WALL and CORRINE HUFF indicates that the funds included amounts for advances, transportation, air freight, telegrams, etc. The following schedule was prepared to show a breakdown of the amounts listed in the State Department letter. It is to be noted that in 1961, the amount reported to Congress by POWELL is the same as the amount of net advances (advances less refunds) as shown in the State Department letter indicating that POWELL's 1961 report submitted to Congress omitted transportation, air freight and telegram costs.

Delay in Vote on Powell. Favored by House GOP

By the Associated Press

A number of House Republicans were reported today to oppose seating Adam Clayton Powell pending conclusion of Justice Department probe of his conduct.

Powell was re-elected Tuesday in a special election in Harlem's 18th District.

Rep. Richard H. Poff, R-Va., said he has detected considerable feeling among members that the House should await Justice Department action on Powell. "I think the House would be

well advised to wait until the department has completed its investigation," said Poff, secretary of the House Republican Conference.

Rep. Melvin E. Laird of Wisconsin, chairman of the GOP conference, said he thought the House would seat Powell if members are assured the Justice Department plans to act.

And Rep. Charles McC. Mathias Jr., R-Md., said members are entitled to hear from the department about the validity of the charges against Powell before they vote on whether to seat him.

The select committee which investigated Powell—but whose recommendation to seat, censure and dock his pay was rejected by the House—accused the Harlem Democrat of converting to his own use more than \$44,000 in salary illegally paid to his estranged wife, who did virtually no work.

Discuss Powell's Suit

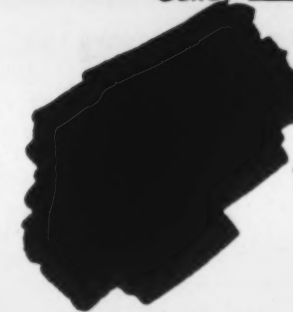

House leaders, meeting yesterday to discuss the state of Powell's court suit to overturn his exclusion, were told it might take several months to get a final decision from the Supreme Court.

A federal judge last week threw out the suit, but Powell's attorneys carried the case to the U. S. Circuit Court of Appeals.

Speaker John W. McCormack said a strategy session would be held soon but declined to give his position.

There remains the possibility that Powell will delay coming to Washington, once his election victory is officially certified, pending settlement of his suit.

The Inevitable Return *AE*

The problem of Adam Clayton Powell has been brought out from under the rug where Congress swept it with the decision to deny him his seat. This time, Powell's colleagues should put away their brooms and start using their heads.

No one can be certain exactly when Powell will turn up, armed with 86 percent of the votes cast in his congressional district, to demand admittance to the House. It may be that he will wait until his legal battle to reverse the ouster has been finally rejected by the courts, as it almost surely will be. But one thing is certain: Sooner or later, Powell will be back, and Congress will have to face up to the fact.

Powell's return was inevitable from the moment he announced that he would run in the special election. Everyone—including the members of Congress—knew it and yet, so far as can be determined, no serious attempt has been made by either party to decide what to do about it when Powell knocks on the door.

The exception to this congressional inertia is the Democratic Study Group, the organization of 145 liberal Democrats in Congress. It is the consensus of that group that Powell should be seated and censured, and that any further punitive action, such as the fine recommended by the select committee, should be left to the Department of Justice which has the complete record of the congressman's alleged transgressions. The way would then be open for a motion to unseat—a motion that would

probably be made and would almost certainly fail to gain the required two-thirds majority. Powell, stripped of his committee chairmanship, would be a member of the 90th Congress.

We think the Study Group's suggestion is on the right track. The decision to deny Powell his seat was wrong when it was made. It would be doubly wrong now.

We have not, it should be noted, changed our opinion of Powell. He is still the arrogant, unworthy, immoral charlatan he has always been. But two things have taken place since the 90th Congress was organized that cannot be disregarded by the members as they take a second look at the Powell problem.

First, the voters of New York's 18th congressional district, with the shabby details of Powell's behavior in office spread clearly on the public record, have just re-elected him by an unprecedented majority although the turnout, for reasons of apathy or otherwise, was small.

Second, since Powell's exclusion, a Senate committee has probed the unorthodox financial habits of Senator Dodd. A decision has been reached favoring a reprimand but recommending against ouster. A great deal has been written about the differences between the Powell and Dodd cases. And indeed those differences do exist. But it must also be said that there are sufficient similarities in the two deplorable histories to raise serious questions of a double standard in Congress if there is an attempt to make the Powell exclusion stick.

This is in connection with our attempt to interview Mrs. Powell in accordance with request from Department concerning personal use of some \$28,000 of public funds by Congressman Powell which were obtained by putting his wife on his committee payroll when, in fact, she performed no official duties.

It does not appear desirable to interview Mrs. Powell under the conditions imposed by her and her attorney. Accordingly a letter is being prepared to the Criminal Division advising that the interview is not being conducted in view of the conditions set and referring this matter for Department's consideration in connection with any Grand Jury action contemplated in this case.

San Juan office is being advised to make no further efforts to interview Mrs. Powell.

WASHINGTON, D.C. 20535

April 14, 1967

CONGRESSMAN ADAM CLAYTON POWELL
FRAUD AGAINST THE GOVERNMENT - CONSPIRACY

Mrs. Louise M. Dargans, Clerk, Committee on Education and Labor, was contacted on April 12, 1967, to review travel records relating to Committee travel during the 89th Congress. She advised that the folder relating to travel, including all of the T-4 forms, is on file in the office of Congressman Powell.

The form T-4, a copy of which is enclosed, is a record of every trip made by members of the Committee staff. It also has a place for the signature of the traveler. During Hearings before the Special Subcommittee on Contracts, testimony indicated that the T-4 forms were utilized by staff members. In some instances, the actual traveler apparently signed the forms and in other instances when travel was performed under assumed names, the individual whose name appeared on the airline ticket was instructed to sign the T-4 form although they performed no travel. The T-4 forms would be of considerable assistance in interviewing staff and former staff members.

On April 12, 1967, Mr. Ben Reeves, Editor of Committee Publications, Committee on Education and Labor, was advised of the location of the T-4 forms. He stated he would contact the Chairman of the Committee, Congressman Carl D. Perkins, concerning this matter.

Mr. Reeves advised this office on April 14, 1967 that he had discussed this matter with the Chairman. He said the Chairman indicated he did not want to get involved in this matter because he had no authority to enter Congressman

RE: CONGRESSMAN ADAM CLAYTON POWELL

Powell's office or to ask him for these records. He said the Chairman indicated that in his opinion the T-4 form is not an official record and is more of a personal record than a Committee record.

On April 14, 1967, Julian Langston, Chief Clerk, House Committee on Administration, advised that the T-4 form is a suggested form to be used for the internal control of travel. He stated that Congressman Powell does not technically have an office at this time and that this office is the responsibility of the Clerk of the House of Representatives, Mr. Pat Jennings.

The foregoing information was discussed with Department Attorney John L. McCullough, who advised that he had just discussed this matter with other officials of the Criminal Division and that they are of the opinion since the House of Representatives requested the Department of Justice to conduct an investigation concerning this matter, the T-4 forms should be made available for review. He said the Criminal Division is of the opinion that the material is not the personal property of Congressman Powell and that although the T-4 form is not a required form, it was a suggested form and was used in connection with Committee travel. Mr. McCullough requested that Mr. Pat Jennings, Clerk of the House of Representatives, be contacted in an effort to obtain the T-4 forms used by the Committee during the 89th Congress. He requested that the Criminal Division be recontacted if the forms are not made available by Mr. Jennings.

BOSTON

AT CAMBRIDGE, MASSACHUSETTS. Will locate and interview ADAM CLAYTON POWELL, III, for all information available relative to his knowledge or participation in the 3/28/65 shuttle flight from WDC to NYC, and specifically whether any official Committee was involved. Inasmuch as the handwriting on the transportation receipts may be an issue attempts should be made to obtain handwriting specimens.

It is noted that ADAM CLAYTON POWELL, III, is reportedly attending Massachusetts Institute of Technology at Cambridge, Massachusetts. It is suggested that Boston discreetly obtain residence of ADAM CLAYTON POWELL, III, from source at M.I.T. and interview him at his residence.

NEW YORK

AT NEW YORK, NEW YORK. 1. Will surep 4/18/67, re interview of JACK DUNCAN and submit handwriting samples to laboratory.

2. Will interview LILLIAN UPSHUR and PEARL SWANGIN and surep promptly upon completion of same.

Enclosed herewith are photocopies of two U. S. Treasury Checks both payable to Y. MARJORIE FLORES, in the amount of \$1408.05. Both checks bear endorsement of FLORES and both bear additional endorsement of YVETTE POWELL with a number appearing to be an account number "62-50415-0". Both checks bear bank endorsements of the Banco Popular de Puerto Rico. One check is number 537,228, dated 11/30/66, and the other is 540,225, dated 12/20/66.

The Treasury transmitted these checks by letter dated April 12, 1967, and advised the other three checks for the period August 1, 1966, through October, 1966, remain outstanding and will be furnished if and when received by Treasury.

For information of SJ the five checks payable to Mrs. POWELL under the name of Y. WFO does not feel the interview of Mrs. POWELL should be delayed in order to cover the five checks in question, This can be handled by SJ securing sufficient handwriting specimens at time of interview of Mrs. POWELL.

POWELL's checking account at the Sergeant at Arms Office, House of Representatives, (according to schedules prepared by the Select Committee to report upon POWELL's qualifications to be sworn as a member of the House) reflect eleven checks drawn on POWELL's account in which it is believed his wife received the proceeds. determined (1) that vouchers requesting subsistence were not submitted by the persons in whose names the tickets were purchased, (2) INS records of departures from Miami, Florida, and arrivals from Bimini, British West Indies (BWI), do not disclose travel by these individuals but do disclose travel by POWELL, HUFF and others. There is no indicated use by these individuals of tickets purchased for their use to or from Miami at or about the time of the Limini travel. (3) Testimony has been given in House hearings in this matter in which the person for whom the ticket was purchased and in whose name the travel was performed has stated that he or she has never performed the indicated travel.

INS
OK to
release

Concerning travel under assumed names, WFO and New York will conduct interviews to ascertain who actually performed the travel and whether the travelers were on committee business. WFO will attempt to develop the conclusion of the Special Subcommittee on Contracts that the deceptive practice of traveling under assumed names deceived the approving authority (House Committee on Administration).

Attached herewith for Miami is a schedule reflecting results of the HAC staff's examination of various documents relating to this travel. From an examination of this schedule it will be noted that air taxi travel between Miami and Bimini was indicated in INS records. Through contact with Chalk's Flying Service Inc., American Air Taxi, Inc., All Coast Aviation, Inc., and Bimini-Bahamas Air Ltd., Miami is requested to obtain copies of flight manifests covering any travel between 2/10/65 and 12/31/66, by the following individuals:

CAROL T. ALDRIDGE
ODELL CLARK
Mrs. ODELL CLARK
SYLVIA GIVENS
CORRINE HUFF
LLOYD MITCHELL

Mrs. C STONE
LOUISE STONE
CATHERINE SWANN

LIVINGSTON WINGATE

Copies of manifests obtained by the HAC staff are being furnished for the assistance of Miami. It will be noted that INS records reviewed indicate travel by individuals for which no copy of a manifest was obtained and that many obtained are of such poor quality that better copies should be obtained.

Copies of manifests obtained have indicated certain individuals indicated connections with the House of Representatives who are known not to have had any such affiliation. Appropriate personnel at these airlines should be contacted for the purpose of determining how the identifying data appearing on these manifests is obtained.

Miami is requested to contact United States Customs Miami, to determine if further documentation can be obtained from their files of the indicated travel between Miami and Bimini. Will through contacts with that agency or other logical sources consider the feasibility of determining the boatyard utilized in Miami for the docking of his boat, "Adam's Fancy," and obtain any agency or other record relating to the movement of that boat during the period 2/10/65 through 12/31/66.

In all contacts with airlines and agencies, appropriate personnel should be advised of the necessity to retain pertinent records until advised that the need no longer exists for their retention. Eastern Airlines, Miami, should be contacted and cautioned that upon the return of that corporations records by the HAC, they should likewise be retained.

WFO 46-8853

There is being transmitted herewith to New York one set of working papers prepared by the HAC staff concerning their review of INS records in New York relating to the Miami-Bimini travel of previously listed individuals as well as their schedule of the review of other records relating to this travel. It will be noted that in some instances travel is noted by carriers' records but was not located by the HAC review of the INS records.

New York is requested to verify travel located by the HAC review and in addition attempt to locate INS verification of other travel indicated on the carriers' records. Upon the completion of this review, New York is requested to return copies of the HAC working papers to WFO.

By WFO airtel dated 4/12/67, New York was requested to locate and interview ADAM CLAYTON POWELL, III, concerning travel by him and others on 3/28/65, from Washington, D.C., to New York, New York. INS records indicate that POWELL traveled from Miami, Florida, to Bimini, BWI, on 1/23/66. Airline tickets issued in the names of staff members were utilized for travel to Miami, Florida, on the same date. INS Some of these members denied this travel. New York should attempt to reinterview POWELL for the purpose of ascertaining how he acquired the tickets for his travel to Miami on 1/23/66, ascertain with whom he traveled and for what purpose. Obtain any documentation he may provide concerning the purchase of his ticket for the New York - Miami flight of that date. INS
OK
to release

Records of Chalk's Flying Service, Inc., reflect that LLOYD MITCHELL, LIVINGSTON WINGATE, EMMA T. SWANN, CORRIE HUFF and Congressman POWELL were on a flight from Miami, Florida, to Bimini, BWI, on 7/2/65. Airline tickets purchased with POWELL committee credit cards and in the names of his staff members were utilized for travel to Miami on the same date. Some of these members denied this travel. MITCHELL should be interviewed as to how he acquired his ticket for travel to Miami on or about this date. Ascertain with whom

WFO 46-8853

traveled and for what purpose and obtain any documentation he may provide concerning the purchase of his ticket for this flight.

Transmitted herewith to New York is a copy of an FD-302 summarizing the statement and testimony of SYLVIA GIVENS concerning her travel to Bimini and return in August, 1966. It will be noted that she was met at the New York Airport by LLOYD MITCHELL on 8/7/66. MITCHELL should be interviewed concerning his knowledge of and participation in the events related by Mrs. GIVENS.

New York and Miami expedite. Submit reports and place caption "Travel Analysis" at beginning of details.

CONGRESSMAN ADAM CLAYTON POWELL

Mrs. Louise M. Dargans, Former Chief Clerk, Committee on Education and Labor, advised Special Agents of the Washington Field Office on April 12, 1967, that information relating to travel during the 89th Congress by Committee Personnel including T-4 forms is contained in a file located in Congressman Powell's Office, Room 2161 Rayburn Building. After unsuccessful efforts to obtain the file through the Committee on Education and Labor and the Committee on House Administration, Mr. Pat Jennings, Clerk at the House of Representatives, advised on April 18, 1967, that Congressman Powell's Office is no longer under his jurisdiction since Powell is now a member-elect; therefore, in his opinion a subpoena would have to be directed to Congressman Powell for this file.

On April 13, 1967, Harry M. Livingston, Disbursing Clerk, Finance Office, House of Representatives, advised that vouchers are maintained by his office but in view of House Resolution 11, he could not furnish the vouchers or copies of same. While he did permit a review of the vouchers, the original certified vouchers are needed to determine whether these vouchers were signed by Congressman Powell or signed by Mrs. Dargans who testified that she had Powell's power of attorney. She was not questioned as to whether she signed vouchers for Powell.

Mr. Zeke W. Johnson, Jr., Sergeant at Arms, House of Representatives, advised on April 19, 1967, that information relating to Congressman Powell's bank account maintained by the Sergeant at Arms could not be made available under the rules of the House of Representatives. He said the information

46-55707- 22

could be made available on the basis of a resolution introduced by a House member or on the basis of a House resolution following the receipt of a subpoena duces tecum.

The foregoing information is set forth for the Department's consideration as to the issuance of a subpoena or other appropriate action to obtain the previously described records which are necessary for a thorough investigation of this matter.

This is to provide a current summary of the investigation being conducted in captioned matter. The three items of investigation requested by the Criminal Division 3/28/67, are set out below with a brief statement as to results of investigation to date.

(1) Improper use of some \$20,000 of congressional committee funds by Congressman Powell, his aides and others while not on congressional business. Some 400 airline tickets are involved in this matter which were purchased with Government credit cards. Travel was principally between Washington, D. C., to New York City, and Washington, D. C., to Miami. Some of this travel was performed under assumed names and identity of actual travelers is unknown. In other cases the travelers had no official congressional connection

Voluminous records and exhibits were accumulated by congressional committees during investigation of this matter over a four month period. These records have been under daily review by as many Agents as possible for necessary background information and identity and location of pertinent witnesses. This review has now been completed. Washington Field is assembling this information and setting out numerous leads 4/14/67, to develop full facts as to what persons actually performed the travel, whether travel was on committee business, and whether Powell culpably involved in this improper use of committee funds. To check this item out thoroughly, extensive investigation will be required in Washington, D. C., New York City, and Miami, Florida.

In one instance at a social gathering Powell instructed his clerk to purchase four tickets to New York in the names of committee members, but for actual use of three of his friends and his son, Adam Clayton Powell III, age 20. These persons were not congressional employees. New York has been instructed to interview them to determine if this travel involved official business.

CONTINUED - OVER

Memorandum to Mr. DeLoach
RE: CONGRESSMAN ADAM CLAYTON POWELL

(2) Personal use of some \$28,000 of public funds by Powell which were obtained by putting his wife on the committee payroll when, in fact, she performed no official duties.

San Juan office is presently making arrangements to interview Mrs. Powell to establish that she performed no work for Powell subsequent to 7/31/65. Independent investigation is also being conducted to establish this point. Original payroll checks are being obtained from Treasury Department for Laboratory examination to definitely establish that Mrs. Powell's endorsements on these checks were forged prior to deposit to Congressman Powell's bank account. Investigation also being conducted in attempt to ascertain ultimate disposition of proceeds of Mrs. Powell's salary checks.

(3) False accounting by Powell and two of his aides as to use of counterpart funds for foreign travel. (Counterpart funds are foreign exchange currency owned by the United States for use abroad. Congressmen under specified circumstances are provided counterpart funds for per diem and transportation expense abroad.) With regard to this item, the Department asked that we establish reporting requirements as to these expenditures and significance of these reports to the operations of Congress.

Investigation of this item has established that foreign missions of State Department furnish these funds to congressmen and render an accounting of the funds used. Annually individual congressmen submit reports to the Committee Chairman and then a consolidated report of the full committee is inserted in the Congressional Record. No audits of these reports are made and the law under which these funds are made available provides no penalty for failure to file a report or for filing an inaccurate report on expenditures for travel abroad.

ACTION

Washington Field (which has eleven Agents assigned to this case) and auxiliary offices have been instructed that all leads in this matter are to be handled forthwith and given top priority attention in every respect. You will be kept advised of pertinent developments as they occur.

FEDERAL BUREAU OF INVESTIGATION

Date April 18, 1967

MARY SPENCER FORREST, Assistant Counsel, Rules Committee, United States House of Representatives, was contacted regarding her knowledge of the use of counterpart funds and the reporting of same by Members and/or employees of Congress.

She explained that the House Rules Committee only approves or disapproves requests by Committees desiring to conduct certain studies; once the approval is granted, the financing involved comes under the jurisdiction of the House Administration Committee. The Rules Committee receives no reports showing the results of any study or the expenditures involved.

She advised that at one time Members and/or employees had access to unlimited funds for travel. However, in about 1962, the Rules Committee became concerned and started to "crack down" on such travel. She believed that Senator JOHN J. WILLIAMS of Delaware was instrumental in authoring the Legislative Branch Appropriations Act of 1961 (Section 105(b), Public Law 86-628), which required each member of the United States group or delegation to certain international conferences to submit an itemized report of their expenditures at the end of each year, and these reports subsequently were filed with the Chairman of the Senate Foreign Relations Committee or the House Foreign Affairs Committee, who in turn had them submitted to the Senate Committee on Appropriations and to the House Administration Committee, respectively, for publication in the Congressional Record.

Following this, the House Foreign Affairs Committee was instrumental in having an amendment to the Mutual Security Act passed in 1964 (22USC1754) calling for members of other Committees to submit similar reports on expenditures to their

Committee Chairman, who in turn submitted to the House Administration Committee a report for publication in the Congressional Record.

FORREST further advised that the only significance to the reports was their being published in the Congressional Record and thus becoming a matter of public record of the travels and expenditures incurred by any one individual and/or Committee. She stated that there was a suggested form for such reporting; however, the new form now showed the number of days spent in any one country whereas the old forms did not.

She stated that it was her opinion that the reports printed in the Congressional Record were only of significance from the standpoint of having made it publicly known as to who traveled where, for how long, and how much was expended. It thus exposed those traveling to the press, their constituents, and possibly to the Rules Committee should they desire such information to evaluate future requests from that particular Committee.

Date April 18, 1967

KENNETH SPRANKLE, Clerk and Staff Director, House Appropriations Committee, was contacted regarding his knowledge of the use and reporting of counterpart funds by Members and/or employees of Congress.

Mr. SPRANKLE advised that Members and/or employees of the House Appropriations Committee have always had extensive travel over the years, and when the Mutual Security Act of 1954 was passed, the leaders of the House Appropriations Committee decided to continue their practice of utilizing funds of the agencies concerned whenever anyone from their Committee traveled instead of the counterpart funds. Mr. SPRANKLE explained that when, for example, any members of this Committee intended to travel to conduct a study concerning the Agriculture Department, that agency would be informed of such study and would furnish the funds necessary.

As to the Mutual Security Act, Mr. SPRANKLE advised that it was his opinion that this act was sponsored by the House Foreign Affairs Committee and that Committee sponsored just about all the amendments thereto. He explained that initially there was no limitation on the expenditures; however, along about 1962 or 1963, there was some concern in Congress over the criticism of the numerous Congressmen "junketing" throughout the world. It was hoped that the limitations on the per diem and the detailed reporting of the expenditures would curtail such travels.

Mr. SPRANKLE added that the expenditures are submitted by report to the House Administration Committee and they in turn have it published in the Congressional Record. These reports are probably considered significant by Congress in that Congress undoubtedly wanted these figures to be published in the Congressional Record to show they are a

matter of public record. He stated that thus the travels and expenditures are available to everyone and relieves them of criticism by newsmen, their constituents, etc. He knew of no other significance of these reports.

Mr. SPRANKLE further advised that it was his opinion that travel by Congressmen and/or employees of Committees were well justified as it gave such members an opportunity to personally view and examine any situation in which they were interested. He added that if this were not so, the Members and/or employees would have to rely completely upon the testimony of those individuals appearing before their Committees and it was his opinion that such testimony was generally biased.

He continued that Members and/or employees that do traveling generally submit results of their studies to their respective Committees which are probably used by those Committees in their consideration of any particular problem. These reports are not printed in the Congressional Record as they are considered work papers of the Committees and not public records.

FEDERAL BUREAU OF INVESTIGATION

Date April 18, 1967

BOYD CRAWFORD, Staff Administrator and Committee Clerk, Committee on Foreign Affairs, United States House of Representatives, advised that he recalled that for many years Congress has been criticized by the press and others who periodically write about Congress' use of taxpayer's funds for traveling abroad. In the "old days" Members of Congress would not furnish information to such individuals and he believes it was this continual criticism and annoyance that caused Congress to decide to make records of their expenditures while traveling available to the public by publishing details in the Congressional Record. He felt that Congress thought this would also serve as a regulating force if a Congressman had to disclose his visits abroad and expenditures.

He did not know when it was first decided that the travel information should be public or who in Congress was behind the decision. He added that it was his opinion that the submission of such expenditure reports has no effect whatsoever over the functions of Congress other than to remove some of the criticism by newsmen and/or the public.

Date 4/19/67

Mr. JULIAN P. LANGSTON, Chief Clerk, House Administration Committee, was contacted regarding his knowledge of the submission of expenditure reports by Members and/or employees of Congress traveling abroad.

Mr. LANGSTON explained it is his understanding that initially the Mutual Security Act of 1954 authorized the use of "counterpart funds" for Congressional Committees traveling abroad. There was no detailed reporting by individuals at that time; although the Committees were supposed to submit a general report. The final disposition of such reports was unknown to him.

He stated that in 1960, Congress passed two amendments, Public Law 86-472, approved on May 14, 1960, and Public Law 86-628, approved on July 12, 1960, which first spelled out that individual Members and/or employees of Committees would submit reports of their expenditures to their respective Committee Chairman, who, in turn, would submit it to the House Administration Committee for subsequent publication in the Congressional Record.

Mr. LANGSTON believes that it was possibly Senator JOHN J. WILLIAMS of Delaware who sponsored the Legislative Branch Appropriation Act of 1961, Section 105 (b), Public Law 86-628 to control and/or curtail travel expenditures incurred by those Members of Congress who were part of the delegations to Parliamentary Conferences and Interparliamentary groups. The Mutual Security Act as Amended, 22 United States Code 1754, Section 402 of Public Law 88-633, approved October 7, 1964, extended this detailed reporting to Members and/or employees of all other Congressional Committees traveling abroad and also set the per diem rate at \$50.

[redacted] vah Date dictated 4/19/67

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Mr. LANGSTON advised that the principal reason these expenditure reports were published in the Congressional Record was because this served as the most convenient vehicle for making the information public and thus available to newsmen and constituents. He added that the reports had no effect on the operations of Congress as such, but could possibly serve to call the attention of some Congressmen to the activity of certain Committees and subject the latter to criticism by their fellow Congressmen if their expenditures and travels were considered excessive.

Mr. LANGSTON added that the House Administration Committee did not audit, examine, nor question the reports they received from various Committee Chairmen regarding travel, but merely forwarded them for printing in the Congressional Record. He stated that in view of this procedure, Congressman OMAR BURLESON, Chairman of the House Administration Committee, did not concern himself with these reports and thus would not be able to furnish any additional information regarding them.

FEDERAL BUREAU OF INVESTIGATION

Date April 18, 1967

SIDNEY COX, Assistant to the Fiscal Assistant Secretary, United States Treasury, was contacted regarding the control that department maintained over counterpart funds.

Mr. COX explained that in the Mutual Security Act, there were some funds known as "counterpart funds." The source of such funds were the excess payments received by the United States under Public Law 480 dealing with the distribution of agricultural products in certain countries, and the monies received from the repayments of some loans, such as development loans, which the United States had contracted with certain countries. Out of all these monies, there was a certain amount set aside under the Mutual Security Act which was earmarked for use by Members of Congress while visiting certain countries. Initially, there was no limitation on the amounts available to any one individual; however, the amendments have now limited the amounts available to \$50 per day per diem plus transportation expenses.

Mr. COX further explained that there are only about fourteen countries where such excess currency exists; however, to compensate for the need of funds in such countries as France where there are no "counterpart funds," the United States Treasury buys local currency on the open market and makes these currencies available to Members of Congress. He explained that through intricate accounting monies are transferred on the books from "counterpart" currencies existing in other countries to offset this purchase of local currency. Thus, "counterpart funds" become available just about anywhere.

Mr. COX added that the United States Department of State handles the administration of the funds for the United States Treasury, and only submits an accounting to Treasury

showing the monthly balances available in each country. There are no audits made by the Treasury Department of these funds, nor do they have any record of the itemized expenditures from these funds. He also advised that Treasury did not exercise any control on expenditures of these funds and explained that the amounts expended by Congressmen from these funds were in reality somewhat insignificant when one considered the total monies available in foreign countries. He was unaware of the reporting procedures of expenditures by Congressmen traveling abroad and had no knowledge of the significance of such reports to Congress.

GUSTAVE SARIDAKIS, Inspector General's Division, United States Department of State, was contacted regarding his knowledge of the use of counterpart funds by Members and/or employees of Congress. He advised that while he is familiar with the counterpart funds, he is unfamiliar with the Congressional use of such funds or regulations applicable to their use by Congress. He stated that LESLIE A. GRANT, Chief Counsel, Agency for International Development, is believed to be familiar with the Mutual Security Act and could possibly be of assistance in furnishing details of the Act and the Amendments thereto.

WFO 46-8853

b7c [redacted] dan

On April 14, 1967, Mr. JAMES R. PHIPPARD, Assistant General Counsel for Legislation, Agency for International Development (AID), advised SAs [redacted] and [redacted] that it was his understanding that most of the so-called "excess currency" was generated primarily through the sale of surplus food commodities and it was his understanding that the United States Department of State administered the expenditures of excess currency for the United States Treasury Department. b7c

Mr. PHIPPARD noted that the goals of the AID are entirely different from those of other agencies, and although some monies are generated through AID programs, these monies do not go into the "excess currency" fund but are earmarked for further AID programs. Thus, AID has nothing to do with the counterpart funds as such nor concerning Congressional travel and accounting for funds expended on such travel.

CONGRESSMAN ADAM CLAYTON POWELL
FRAUD AGAINST THE GOVERNMENT - CONSPIRACY

On April 13, 1967, Harry M. Livingston, Disbursing Clerk, Finance Office, United States House of Representatives, was contacted by a Special Agent of the Federal Bureau of Investigation to obtain copies of several vouchers relating to this investigation. Mr. Livingston gave the Agent a copy of House Resolution 11 dated January 10, 1967, which states in part that "no evidence of a documentary character under the control and in the possession of the House of Representatives can, by the mandate of process of the ordinary courts of justice, be taken from such control or possession except by its permission." Mr. Livingston permitted the Agent to review the records and take appropriate notes; however, he would not furnish copies of the vouchers.

A copy of House Resolution 11 is enclosed for the attention of the Criminal Division since there may be difficulty in obtaining records pertinent to this investigation. All original paid vouchers which bear the certification of the Committee Chairmen are maintained by the Finance Office.

In this regard, Julian P. Langston, Chief Clerk, House Committee on Administration, advised on April 17, 1967 that it is common practice for him and other Chief Clerks to sign their Committee Chairman's name to vouchers and other records.

Mrs. Louise M. Dargans, former Chief Clerk, Committee on Education and Labor, testified before the Special

Subcommittee on Contracts that she had power of attorney to sign Congressman Powell's name and admitted signing his name to sixteen payroll checks of Y. Marjorie Flores and to the clerk-hire allowance form dated January 4, 1965, designating Flores for a change in salary as a member of Powell's clerk-hire staff. Mrs. Dargans was not questioned about signing Powell's name to vouchers. It is to be noted that on April 17, 1967, Mrs. Dargans declined to be interviewed except in the presence of her attorney.

In reference to the memorandum from this office dated April 14, 1967, regarding the file in Congressman Powell's office which contains T-4 forms relating to travel by the Committee on Education and Labor staff during the 89th Congress, an attempt was made to interview Mr. Pat Jennings, Clerk, United States House of Representatives, in accordance with the request from the Criminal Division. On April 17, 1967, Mr. Ben Guthrie, Assistant to Mr. Jennings, advised that Jennings was not in his office and stated he would discuss this matter with Jennings.

Mr. Guthrie advised on April 18, 1967 that Mr. Jennings pointed out that since Powell is now a member-elect, his office is no longer under Jennings' jurisdiction. According to Guthrie, Mr. Jennings is of the opinion that a subpoena would be necessary to obtain the file in question.

For information of Bureau LOUISE MAXIENNE DARGANS, Former Chief Clerk of the House Committee on Education and Labor which was chairmanned by POWELL testified before a subcommittee of the Committee on House Administration on 12/19/66. DARGANS testified she usually deposited FLORES checks for POWELL to POWELL's account at the Sergeant at Arms Bank, House of Representatives. In connection with deposits she endorsed the checks signing the name of Y. MARJORIE FLORES, the payee. DARGANS was shown photostats of 19 of the 21 checks. She identified the endorsements on 16 of these checks. Those she identified as not having been endorsed by her were those dated 8/31/65, 11/30/65 and 12/20/65. She indicated the endorsements on these three

appear to be in handwriting of ADAM CLAYTON POWELL. For further information of the Laboratory, YVETTE MARJORIE FLORES, wife of ADAM POWELL testified before a Select Committee of the 90th Congress on 2/16/67, which was conducting hearings on the right of POWELL to be seated in the 90th Congress. A transcript of FLORES testimony indicates she received only two checks during 1965 and 1966 and those were dated November 30, 1966, and December 20, 1966. She was not shown copies of these checks, however, she was shown photocopies of the other 19 checks. She testified the endorsements appearing on these 19 checks were not prepared by her.

For information of the Laboratory the Bureau investigation will not have benefit of securing handwriting specimens of FLORES or DARGANS since both have agreed to interview only in the presence of counsel. It appears doubtful the investigation will have benefit of handwriting specimens of ADAM CLAYTON POWELL. Further the investigation will be unable to secure undictated handwriting specimens from the House of Representatives or any committees of the House due to the fact all records there are protected from being made available outside the House by House Resolution 11 dated January 10, 1967. Therefore, WFO will attempt to secure undictated specimens from other sources and will forward to Laboratory if and when received.

The Laboratory is requested to conduct appropriate examinations of the endorsements appearing on each of the 21 checks enclosed. If possible determine if ADAM CLAYTON POWELL executed the FLORES and POWELL endorsements appearing on checks 451, 418 dated 8/31/65; 468,015 dated 11/30/65 and 472,138 dated 12/20/65. It is noted POWELL's date of birth is 11/29/08, New Haven, Connecticut and two fingerprint cards bearing POWELL's signature are contained in Identification Division records.

WFO 46-8853

It would be helpful if the Laboratory could advise if each of the three groups of checks, 16 endorsed by DARGANS, 2 by FLORES, and the 3 believed endorsed by POWELL were each prepared by the same individual or by more than one individual.

Any other examination of the endorsements deemed advisable for assistance in investigation or as evidence should be conducted.

Will locate and interview CHARLES SUMNER STONE, JR., aka "CHUCK" STONE, at the Gary Hotel concerning his employment under Congressman POWELL and specifically concerning the following indicated matters: It is suggested that a thorough review of the enclosed material be made prior to interview.

1. Determine period of employment with the House Committee on Education and Labor and his specific duties.
2. Determine how he happened to claim expenses for his trip to Washington in March, 1965, when he actually did not go on the Committee payroll until 4/1/65.
3. Determine full details of his trips to Miami and Bimini with his wife in August, 1965, and August, 1966. Note he testified these trips were to be paid for by POWELL. Also determine full details of his trip to Bimini in early

WFO 46-8853

1967 when the record "Keep the Faith, Baby" was recorded there by POWELL.

4. Determine his knowledge of any employment by Mrs. POWELL in Congressman POWELL's Office or for the Committee during the time he was employed. Was any work mailed to her for handling in San Juan or elsewhere? Did she do any work at all subsequent to 7/1/65?

5. Was any official business carried on in Bimini to his knowledge? If so, why was no charge to the Committee made for travel between Miami and Bimini?

6. Determine full details concerning POWELL's instructions to him at various times to obtain airline tickets and whose names were to be entered on the tickets and travel authorization. Why did some staff members use tickets under name of someone else?

7. Have STONE identify the individuals indicated as "Traveler per airline ticket" on the enclosed photostat where the "Traveler to Bimini per INS Records" shows additional or different people.

STONE should be interviewed under oath and a sworn signed statement obtained if possible.

UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF INVESTIGATION

Washington, D. C. 20535

April 14, 1967

CONGRESSMAN ADAM CLAYTON POWELL
FRAUD AGAINST THE GOVERNMENT-
CONSPIRACY

On April 3, 1967, Robert D. Gray, who was the Chief Auditor for the Special Subcommittee on Contracts and for the Select Committee, advised that information had been received by the Select Committee indicating that payoffs were made to Congressman Powell from several labor organizations. The payoffs were allegedly made through ~~Alderson Reporting Company~~ by large purchases of transcripts of Congressional Committee Hearings by the labor organizations. He said the records pertaining to the lobbying and legislative expenses of eight unions were subpoenaed and a review of these records and the records of Alderson Reporting Company did not disclose any irregular payments to the Committee on Education and Labor or to Congressman Powell during the period January 1, 1961, to December 31, 1966.

William A. Geoghegan, Attorney, 1200 18th Street, N. W., Washington, D. C., who was the Chief Counsel for the hearings before the Select Committee, was interviewed on April 11, 1967, to determine if he had any information concerning possible criminal violations not indicated in the Committee reports and hearings. He stated that his associate on the Select Committee was Robert P. Patterson, Jr., Attorney, Patterson-Belknap, Number One Wall Street, New York, New York. Patterson was the Counsel for the Minority. Geoghegan furnished the following information:

During the course of his work with the Select Committee, he was approached by [REDACTED] b7c b7D
[REDACTED] He told Geoghegan he believed there may have been a "kickback" arrangement between Harold Alderson,

ENCLOSURE

46-55707-34

CONGRESSMAN ADAM CLAYTON POWELL

[REDACTED]

[REDACTED] indicated to Geoghegan that this reporting contract had become very profitable as unions were purchasing additional copies of hearing reports of the Committee. [REDACTED]

According to Geoghegan, his associate counsel, Robert P. Patterson, Jr., was informed by an individual, whose identity Patterson did not disclose, that on one occasion a person believed to be a union representative brought a check to Alderson in the amount of \$1,800 to pay for reports of a hearing. Alderson supposedly told this person he wanted the payment in cash, resulting in this person going to Pittsburgh, Pennsylvania, and subsequently returning with cash. Geoghegan advised that Patterson has the full details concerning this matter, as well as the identity of his informant.

On April 13, 1967, Robert D. Gray advised that during the latter part of the hearings by the Select Committee he, Patterson, and Geoghegan interviewed Harold Alderson. Although he was not asked the specific question,

CONGRESSMAN ADAM CLAYTON POWELL

Alderson stated, in effect, "if it's this business of selling transcripts to unions and turning the money over to the Committee, we didn't do it." He said the records of the following unions were subpoenaed during the week of February 13, 1967:

1. American Federation of Labor -
Congress of Industrial Organizations
(AFL-CIO)
 - A. Committee on Political Education
 - B. Building Constructors Trade
Department, AFL-CIO
2. International Brotherhood of Teamsters,
Chauffeurs, Warehousemen, and Helpers
Union (Teamsters)
 - A. Democrat, Republican, Independent
Voter Education (DRIVE)
3. United Mine Workers of America -
District 50
4. United Steel Workers of America
5. National Constructors Association
6. Associated General Contractors of America
7. Plumbers and Steam Fitters Union
8. Building Services Employees International
Union, AFL-CIO

In regard to the unions' records, Gray said that his staff reviewed their purchases of transcripts of hearings

CONGRESSMAN ADAM CLAYTON POWELL

before the House Education and Labor Committee during the period January 1, 1961, through December 31, 1966. These purchases were then checked against the sales made by the Alderson Reporting Company to each of the organizations. All of the purchases made by the labor organizations corresponded to the sales made by the Alderson Reporting Company. He said that in addition to reviewing the purchase of transcripts, his staff also briefly reviewed the other legislative and lobbying expenses of the labor organizations. These expenses were limited to the salary and expenses of lobbyists. In most cases, the expenses of the lobbyists were relatively small, and the staff review was limited to determining whether 1) the lobbyists filed their quarterly reports with the Clerk of the House of Representatives, 2) the expenses varied significantly from one period to another, and 3) any of the lobbyists either paid money to or received money from the Alderson Reporting Company.

No investigation of the above information is contemplated by this Bureau in the absence of a specific request from the Department of Justice.

Summary Airtel

Leads were set out to interview thirty-two individuals excluding Congressman POWELL. This includes five in New York, two in San Juan Division and twenty-five in WFO.

Y. MARJORIE FLORES (Mrs. POWELL) has declined to be interviewed by the San Juan Office except in the presence of her attorney. This office is also interviewing ALFREDO VIDAL CHACON to determine if he performed any work while on the Committee on Education and Labor Payroll in April, 1965.

The Treasury Department has advised that the payroll checks of Y. MARJORIE FLORES for August, September and October, 1966, are still outstanding.

The New York Office is attempting to interview four individuals who were not members of the Committee on Education and Labor, but allegedly traveled from Washington, D.C., to New York on 3/28/65, using airline tickets purchased

with a Committee air travel card. One other individual is being interviewed concerning his meeting SYLVIA GIVENS when she flew from Washington, D.C., to New York. GIVENS was allegedly hired as a domestic.

Mrs. LOUISE M. DARGANS has declined to be interviewed except in the presence of her attorney and four others are consulting their attorneys as to whether they will be available for interview. Ten individuals have been interviewed and appointments are scheduled for 4/19/67, with four others. Leads have been set out to New York to interview Mr. and Mrs. ODELL CLARK, based on unsuccessful attempt to locate four in Washington, D.C. Investigation is continuing to locate four former staff members. The staff and former staff members interviewed denied performing the travel attributed to them.

SYLVIA GIVENS admitted she traveled with POWELL and CORRINE HUFF to Miami and Bimini in August, 1966, where GIVENS was employed as a domestic for two weeks. Mrs. ELEANOR LEE, who is in charge of the cleaning women at the House of Representatives, states that POWELL asked her if she could recommend someone who could do "maid work" in his office. Mrs. LEE contacted GIVENS, a neighbor, and referred her to POWELL's office.

Several inquiries were made of House of Representatives officials concerning the possibility of obtaining from POWELL's office a file containing records relating to travel by staff members during the 89th Congress. On 4/18/67, inquiry at the Clerk of the House of Representatives' Office resulted in the decision that POWELL's office, which had been maintained by the Clerk of the House, is no longer under the Clerk's jurisdiction since POWELL is now a member-elect. It was pointed out that a subpoena would probably be necessary to obtain the file from POWELL's office.

Concerning expenditures of counterpart funds and local currencies by Congressional Committees traveling abroad, sources interviewed advised the reports submitted to Congress and subsequently published in the Congressional Record have no

effect on the operations of Congress, but serves as a means of making public the expenditures and, publicizing has some regulatory effect.

WFO will surep completed investigation regarding these expenditures.

On 4/12/67, information was received by WFO indicating that ODELL CLARK was in Washington, D. C., residing at 16 Guessford Ct., S. E., Washington, D. C. Attempts to telephonically contact CLARK at above address on 4/14 - 15 - 16 - 17/67 met with negative results. On 4/17/67, attempts to contact CLARK at above address met with negative results. An unidentified individual at 15 Guessford Ct. advised 16 Guessford Ct., is the residence of Congressman POWELL and no one has been around the residence for the last two or three weeks. Efforts to contact other neighbors met with negative results.

For information of New York, POWELL testified that his New York address is 120 W 138th St., New York, the same as CLARK. POWELL pays CLARK, a friend of 30 years, \$50.00 per month as his share of the apartment.

New York review enclosed documents and attempt to interview ODELL CLARK in detail re his frequent trips to New York on Committee expense as well as other questionable travel as set forth in schedule, reflecting Questionable Travel of CLARK. If these trips were on Committee Business, account for his failure to claim subsistence.

Question CLARK re his knowledge of issuance of Airline tickets in his name when other individuals made usage of these tickets. In this regard New York refer to WFO airtel, 4/12/67 re circumstances surrounding Airline ticket on 3/28/65.

In CLARK's testimony (Page 161) it was determined that CLARK submitted a voucher for subsistence in California from 3/16 - 20/66. On 3/19/66, CLARK was allegedly travelling on an Airline Flight from Miami to New York (Page 164). Attempt to resolve this discrepancy thru interview.

It is noted on the enclosed Schedule, Washington - Miami - Bimini travel, Mrs. CLARK as well as ODELL CLARK travelled to Bimini, 7/30/65. Interview Mrs. CLARK and determine if she made such a trip and if so, circumstances surrounding

the purchase of the Airline ticket to Miami. It is noted ODELL CLARK travelled from Washington, D. C., to Miami on 7/30/65.

PURPOSE

This is to provide information developed to date concerning the three items of investigation requested by the Department 3/27/67 relating to alleged misuse of public funds by Congressman Powell and his staff.

Alleged Use of Public Funds for Personal Travel

This involves the deceptive practice of using names of Congressman Powell's staff employees on airline tickets which were not used by such employees. In this respect there were some 300 airline tickets in the 89th Congress considered questionable because no claims for subsistence or travel expense were submitted in connection with this travel. The total charges for these tickets amounted to some \$12,000 and 82 of the tickets costing some \$6,000 related to trips to Miami, Florida. Some of the travel was performed under assumed names by both congressional employees and others with no official congressional connection.

Washington Field, New York, and San Juan offices are currently contacting 32 individuals involved in these alleged travel irregularities. Nineteen of these individuals were staff members of Congressman Powell, while thirteen had no official congressional connection. In addition, Immigration records and records of four commuter airlines in Miami are being examined in attempt to identify the actual travelers, as many of them proceeded on to Bimini from Miami at their own expense. We were advised by the Clerk of the House that a subpoena would be required for records in Powell's office regarding this travel. This is being called to the attention of the Criminal Division by memorandum from Washington Field Office.

Payroll Abuse

This involves personal use of some \$28,000 of public funds by Powell which were obtained by putting his wife on his

RE: CONGRESSMAN ADAM CLAYTON POWELL

payroll when, in fact, she performed no official duties. Powell arranged for these checks to be deposited in his bank account at the Capitol without the authentic endorsement of Mrs. Powell. Mrs. Powell and other witnesses before the congressional committee testified that no official duties were performed by Mrs. Powell for Congressman Powell.

Mrs. Powell refused to be interviewed by Bureau Agents except in presence of her attorney. Accordingly, we advised the Criminal Division by letter dated 4/17/67 that this Bureau was not making any further efforts to interview her. Another key witness, the former chief clerk of Powell's committee has similarly refused to be interviewed and the Department is being advised by memorandum of our Washington Field Office. Three other former staff members of Powell are being contacted regarding this matter.

We also attempted to obtain bank records of Powell at the Capitol to trace disposition of proceeds of Mrs. Powell's salary checks. This is in line with request from the Department. We were advised that a subpoena would be required. This is being called to the attention of the Department by memorandum from Washington Field Office.

False Reports as to Expenditures of Foreign-Exchange Currency

From 1961 through 1964 Congressman Powell and two of his female employees were advanced foreign-exchange currency by the State Department pursuant to congressional authorization. Powell and his two aides submitted reports accounting for only some \$10,000 of the \$20,140.12 foreign-exchange funds advanced to them. No audits of these reports are made and the act making the funds available provides no penalty for failure to file a report or for filing an inaccurate report. The Department asked that we determine the significance of these reports to the operations of the Congress.

Our investigation established that these reports were perfunctorily filed because they were required for publication in the Congressional Record and that they have no effect on the operations of Congress. This item of investigation has been completed and reports furnished to the Department.

This is to advise that Herbert Edelhertz, Chief, Criminal Fraud Section, Criminal Division, Department of Justice, advised during the afternoon of 4/20/67, that he had reviewed our letter to Assistant Attorney General Vinson, dated 4/17/67, in which we advised no further efforts would be made by the Bureau to interview Mrs. Adam Clayton Powell in view of the conditions imposed by her requiring the presence of her attorney during the interview. This information was submitted to Assistant Attorney General Vinson for consideration in connection with any grand jury action contemplated by the Department.

Edelhertz advised he desired to discuss the advisability of interviewing Mrs. Powell with her attorney present since this interview could be an essential element in connection with the allegation that Congressman Powell used \$28,000 of public funds for his personal use by placing Mrs. Powell on the payroll of his committee without having her perform any official duties. *b7c*

Edelhertz advised that the publicity concerning Powell and concerning the action taken by Congressmen relative to the seating of Powell has caused much pressure on the Department to insure a most thorough and complete investigation is conducted. He said he was concerned that no criticism come upon the Bureau or the Department relative to this investigation. He added that the information furnished by Mrs. Powell to the Congressional Committee which investigated Powell's activities was not complete as to essential details necessary in proving whether Mrs. Powell did or did not perform any work for Congressman Powell or his committee during various periods of time.

Memorandum to Mr. DeLoach
RE: CONGRESSMAN ADAM CLAYTON POWELL; ET AL.

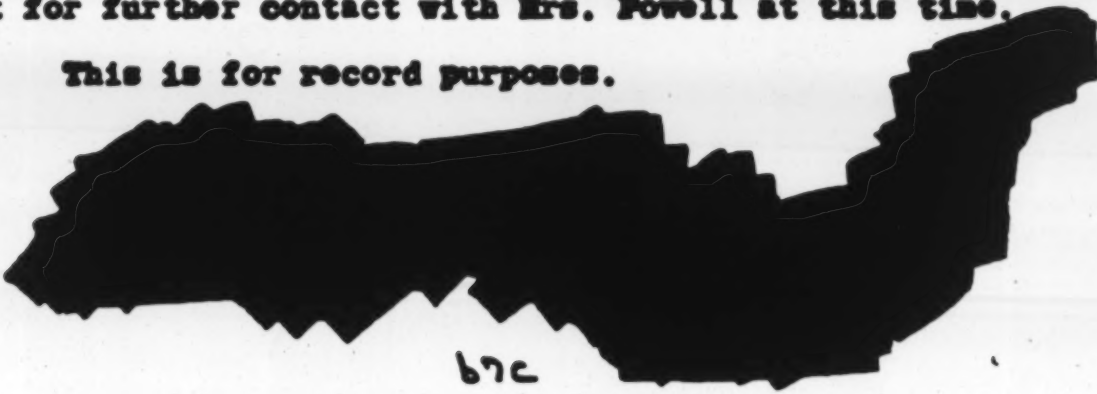

ACTION TAKEN:

It was pointed out to Mr. Edelhertz that Mrs. Powell's refusal to be interviewed unless her attorney was present was brought to the Department's attention for its consideration in calling her before a grand jury. It was also pointed out that Mrs. Powell's refusal is only the first such refusal and that other correspondence is being forwarded to the Department reciting refusals of individuals to be interviewed or refusals to be interviewed unless their attorneys are present. These individuals also are deemed pertinent to this investigation.

It was also pointed out that difficulties are being encountered in obtaining certain records at the Capitol, that records of Powell's banking activities at the Capitol will be produced only on issuance of a subpoena and that the records of Powell's committee are not under the jurisdiction of the House Administration Committee and will require a subpoena or a House Resolution prior to their being made available.

Mr. Edelhertz was advised that in view of the above it would appear advisable that Mrs. Powell appear before a grand jury to furnish information pertinent to this investigation. Mr. Edelhertz said he would give further consideration to the desirability of interviewing Mrs. Powell in the presence of her attorney at a later date when all persons who refuse to be interviewed except with their attorneys present have been identified. He reiterated that the purpose of his inquiry was merely for a discussion of the problem and not to make a request for further contact with Mrs. Powell at this time.

This is for record purposes.

CONGRESSMAN ADAM CLAYTON POWELL
FRAUD AGAINST THE GOVERNMENT-CONSPIRACY

On April 13, 1967, Louise M. Dargans, ^{DC} former Chief Clerk of the Committee on Education and Labor, House of Representatives, and presently employed as a clerk for that Committee, was contacted for the purpose of interview. She advised she was unavailable for interview on April 14, 1967, due to previous commitments and an appointment was made for an interview on April 17, 1967, at 10:00 a.m. At approximately 8:50 a.m., April 17, 1967, Mrs. Dargans telephoned the Washington Field Office and advised that she was canceling her appointment because her counsel would be unable to be present at that time and under no circumstances would she permit an interview without him being present. In view of the fact that Mrs. Dargans set the conditions of the interview, she is not being interviewed and she was advised that she would not be interviewed in the presence of her attorney.

On April 19, 1967, Mrs. C. Sumner Stone, ^{DC} wife of the former Special Assistant to the Chairman, Committee on Education and Labor, stated she did not desire to be interviewed. She pointed out that her husband had worked for Congressman Powell, she had not, and that her husband had cooperated with the Congressional Committee. Mrs. Stone made two trips between Miami, Florida, and Bimini. In connection with one of the trips on August 7, 1966, she traveled from Washington to Miami on an airline ticket that was charged to the Committee on Education and Labor. The name of a staff member appeared on the ticket. The cost of this ticket along with several others was reimbursed by Congressman Powell's personal check dated October 28, 1966, after the Special Subcommittee on Contracts had initiated its investigation.

46-55707-43

CONGRESSMAN ADAM CLAYTON POWELL

Odell Clark, former Chief Investigator, Committee on Education and Labor, was contacted on April 19, 1967, in Congressman Powell's Office. He declined to sign a waiver of his rights and to being placed under oath. He also declined to examine copies of airline tickets bearing his name. He advised that he could furnish no information other than the information that he furnished in his testimony before the Special Subcommittee on Contracts.

The foregoing information is being brought to the attention of the Department for possible Grand Jury action.

CONGRESSMAN ADAM CLAYTON POWELL
FRAUD AGAINST THE GOVERNMENT - CONSPIRACY

On April 14, 1967, appointments were made to interview Mrs. Emma T. Swann, former receptionist, Ad Hoc Subcommittee on Poverty, and her husband, Francis C. Swann, on April 17, 1967. Mrs. Swann subsequently telephoned this office and advised that she and her husband did not desire to be interviewed at this time until they have an opportunity to consult an attorney. Following daily contacts with Mr. and Mrs. Swann, they advised individually on April 21, 1967, that they did not desire to be interviewed. They made no mention of an attorney at this time. Mrs. Swann stated she did not care to discuss her confidential relationship with Congressman Powell and indicated she and her husband have a close association with Powell. It is to be noted that Mrs. Swann testified before the Special Subcommittee on Contracts that she traveled to Miami on three vacation trips using airline tickets charged to the Committee on Education and Labor. Air taxi manifests indicate Mrs. Swann made about six trips to Bimini and that her husband made five trips.

Corrine A. Huff, former Committee staff member, was served with a subpoena while in Bimini to testify before the Select Committee pursuant to House Resolution One; however, she failed to respond. Her local residence is [REDACTED] and her current mailing address is Room 2161 Rayburn House Office Building (Congressman Powell's office). Efforts to locate her through inquiries of staff members and neighbors have been unsuccessful. [REDACTED] b7c

ENCLOSURE

RE: CONGRESSMAN ADAM CLAYTON POWELL

[REDACTED] b7c

Although her name appears on only one airline ticket charged to the Committee for travel to Miami, air taxi manifests indicate she traveled to Bimini on about fifteen occasions between March, 1965 and August, 1966.

Robert Jerome Reed, [REDACTED] b7c was contacted April 13, 1967 and an interview was scheduled for April 14, 1967. A message was received at this office that Reed was unable to keep the appointment and that he would recontact the office. When no communication was received from Reed, several unsuccessful attempts were made to contact him. He was contacted by telephone April 19, 1967, at which time he stated he was not available for interview but would call April 20 or April 21 to arrange an appointment. However, he has not contacted this office to date. On each contact Reed was advised of the nature of the inquiry. Reed was not a member of the Committee staff; however, air taxi manifests indicate he traveled to Bimini on March 11, 1965 and March 11, 1966 with Committee and non-Committee personnel.

Carol T. Aldrich, [REDACTED] was b7c employed as a secretary for the Committee on Education and Labor from January 17, 1966 to February 5, 1966. Although her period of employment was only three weeks, airline tickets indicate she traveled from Washington to Miami on January 23, 1966 and on to Bimini January 24, 1966, returning from Bimini on February 6, 1966. Four airline tickets charged to the Committee for travel to Miami on January 23, 1966, bear the names Odell Clark, Carol T. Aldrich, Adam C. Powell, and Cleomine B. Lewis; however, an air taxi manifest shows that the following morning Adam C. Powell, Adam C. Powell, III, Carol T. Aldrich, and Corrine Huff departed Miami for Bimini. In

RE: CONGRESSMAN ADAM CLAYTON POWELL

December, 1966, House Committee investigators attempted to locate Aldrich but were informed she was visiting in the Virgin Islands.

[REDACTED]

b7d

Additional inquiries are being made to determine the whereabouts of Aldrich.

The foregoing information is set forth for the consideration of the Department as to possible Grand Jury action. It is to be noted that the majority of staff members whose names appeared on airline tickets indicating travel to Miami have denied this travel. The aforementioned individuals, who have either declined to be interviewed or cannot be located for interview, are knowledgeable as to who actually performed travel to Miami and Bimini.

The following is submitted in accordance with the
 request of Assistant to the Director CARTHA D. DELOACH on
 4/19/67:

C. SUMNER STONE, JR., aka "CHUCK" STONE, was
 formerly Special Assistant to Congressman POWELL in his
 position as Chairman of the House of Representatives Com-
 mittee on Education and Labor. STONE testified as to his
 activities in his official position before a House Committee
 which conducted hearings in December, 1966, concerning
 POWELL's activities as Chairman of the Committee on Educa-
 tion and Labor. STONE, as well as his wife, LOUISE D. STONE,
 took several trips to Miami and Bimini on airline tickets
 issued through a Committee credit card. Both Mr. and Mrs.
 STONE are, therefore, necessary witnesses in captioned case.
 The possibility cannot be overlooked that they both may
 also become subjects in the POWELL investigation. STONE is
 also a former editor of the Washington, D.C. "Afro-American"

Special Agent (SA) [REDACTED] has been assigned to the POWELL investigation and specifically to the STONE phase of this investigation. SA [REDACTED] was assigned to assist SA [REDACTED] on necessary interviews. b7c

SA [REDACTED] telephoned the STONE residence at 9:30 a.m., 4/17/67, to arrange an appointment for interviews with the STONES. A female voice responded stating she was only the "babysitter," the STONES were out and she did not know when they would return. SA [REDACTED] subsequently telephoned the STONE residence, talked to the same individual and requested Mr. STONE call SA [REDACTED] at the Washington Field Office (WFO). SA [REDACTED] again telephoned the STONE residence in the early evening and was informed the STONES had not yet returned.

SA [REDACTED] reached Mrs. STONE the morning of 4/18/67, by telephone and was informed Mr. STONE was in Gary, Indiana, for an indefinite period. When asked for his address there, Mrs. STONE asked the purpose thereof, but without waiting for a reply said, "Is this the POWELL witch hunt?" She was politely informed the Agent did not consider the investigation as such. She was then asked if she would be available that day for interview, to which she finally responded she would be home at 4:30 p.m., and it was agreed she would be contacted at that time at her residence.

At 4:20 p.m. the same day, SAs [REDACTED] and [REDACTED] drove by the STONE residence and noting two cars parked in front of the house with successive license numbers, decided Mrs. STONE was probably home and so knocked on the door. As the door was opened (only part way), SAs [REDACTED] and [REDACTED] had their hands in their coat pockets withdrawing their credentials, which they immediately exhibited to the person responding to the door, SA [REDACTED] asking for Mrs. STONE and exhibiting his credentials. This person then said, "Let me see your badge," to which SAs [REDACTED] and [REDACTED] both responded,

"Here is my identification." The Agents were then invited inside and told to have a seat in the living room, which they did. The maid or housekeeper and a small child then disappeared from sight.

At 4:30 p.m., Mrs. STONE entered the hallway of her residence. SAs [redacted] and [redacted] immediately arose and identified themselves, both verbally and by exhibiting their credentials. Mrs. STONE then entered the room and stated she could not talk to the Agents until she conferred with her attorney who was out of town, but was returning this evening. She requested she be telephoned at her office the following day and when asked at about what time, she responded, "Anytime after one o'clock." b7c

At 1:30 p.m., 4/19/67, SA [redacted] telephoned Mrs. STONE, identified himself, and she immediately stated, "I do not desire to be interrogated." She pointed out her husband had worked for POWELL, she had not, and that he had cooperated with the Congressional Committee. She was then asked if she knew if her husband would permit an interview, it being pointed out to her that it appeared to be obvious she had been in touch with him concerning the contact with her by the FBI. She replied in effect that he had cooperated with the Committee. SA [redacted] then said, "Thank you very much, Mrs. STONE. Goodbye."

At no time were SAs [redacted] or [redacted] rude or discourteous to Mrs. STONE or her maid.

The foregoing indicates no impropriety or inappropriate action on the part of SAs [redacted] or [redacted] and, therefore, no administrative action is recommended.

4/20/67

Mrs. C. Sumner Stone, wife of "Chuck" Stone, called Mr. DeLoach at approximately 5 p.m., 4/19/67, and stated two FBI Agents had visited her home and, while talking with her, had expressed doubt that her husband would answer questions during an interview. She also alleged that the Agents reluctantly exhibited their credentials to her housekeeper and that the housekeeper had to ask twice for identification. Mrs. Stone was advised that this matter would be checked into.

Stone was formerly Special Assistant to Congressman Adam Clayton Powell. Both Mr. and Mrs. Stone are necessary witnesses in this case.

Attached airtel from Washington Field Office completely refutes Mrs. Stone's allegations and points up the erroneous nature thereof and the arrogance exhibited by Mrs. Stone.

Mr. DeLoach recommends that he call Mrs. Stone back and courteously but firmly advise her of the erroneous nature of her allegations. The Department should also be advised of Mrs. Stone's unwillingness to be interviewed.

CONGRESSMAN ADAM CLAYTON POWELL
FRAUD AGAINST THE GOVERNMENT

Louise D. Stone

D.C. Fla.

In connection with our investigation of captioned matter Mrs. C. Sumner Stone, Jr., telephoned this Bureau late in the afternoon of April 18, 1967, and stated that two FBI Agents had visited her home and, while talking with her, had expressed doubt that her husband would answer questions during an interview. She also alleged that the Special Agents reluctantly exhibited their credentials to her housekeeper and that the housekeeper had to ask twice for identification.

An appropriate inquiry has been made into Mrs. Stone's allegations and the following are the full facts concerning our efforts to interview Mr. and Mrs. Stone.

Special Agent [REDACTED] of our Washington b7c

Field Office was initially in contact with Mrs. Stone by telephone on the morning of April 18, 1967, regarding an appointment for interviews of Mr. and Mrs. Stone. Mrs. Stone at that time said that her husband was in Gary, Indiana, for an indefinite period. When asked for his address in Gary, Indiana, Mrs. Stone asked why the Agents wanted this information, but without waiting for a reply said, "Is this the Powell witch hunt?" She was politely informed by Special Agent [REDACTED] that he did not consider the investigation as such. She was then asked if she would be available that day for interview and she agreed to an appointment at her residence at 4:30 p.m. for an interview in this matter.

At about 4:30 p.m., April 18, 1967, Special Agent [REDACTED] accompanied by Special Agent [REDACTED] knocked on the door of Mrs. Stone's residence. The housekeeper opened the door partway, at which time the two Special Agents immediately exhibited their credentials to this person and Special Agent [REDACTED] asked to see Mrs. Stone. This person

then said, "Let me see your badge," to which Special Agents [redacted] and [redacted] responded, "Here is my identification," referring to their credentials which were exhibited to this person. At that time the two Agents were invited into the living room and told to have a seat. The housekeeper then departed. b7c

At 4:30 p.m., Mrs. Stone entered the hallway, at which time the two Special Agents immediately arose and identified themselves, both verbally and by exhibiting their credentials. Mrs. Stone then entered the room and stated she could not talk to the Agents until she had conferred with her attorney, who was out of town, but who was returning that evening. She requested that she be telephoned at her office the following afternoon.

When Special Agent [redacted] telephoned Mrs. Stone in the afternoon of April 19, 1967, she immediately stated, "I do not desire to be interrogated." Continuing, she said her husband had worked for Congressman Powell but that she had not and that her husband had cooperated with the congressional committee which had conducted an inquiry into this matter. During this conversation she indicated she had been in touch with her husband and she was asked if she knew whether her husband would consent to an interview. Her response was that he had cooperated with the congressional committee. Special Agent [redacted] then expressed his thanks to Mrs. Stone and the two Agents bade her good-bye. b7c

Mrs. Stone has been advised of the erroneous nature of her allegations. Our Indianapolis Office is presently attempting to locate and interview C. Sumner Stone, Jr., and you will be advised as to the results.

Mrs. Stone may be a necessary witness in this matter, and in view of her refusal to consent to an interview by FBI Agents, the position taken by her is referred for your consideration in connection with any grand jury action which might be contemplated in this matter.

Mr. Fred M. Vinson, Jr.

NOTE:

The above information concerning the allegations made by Mrs. Stone ^{is} being furnished to the Department in accordance with advice that such would be done as set forth on the note to airtel dated 4/19/67, attached.

A lead was set forth 4/18/67, by Washington Field to Indianapolis instructing that C. Sumner Stone be located at the Gary Hotel, Gary, Indiana, and interviewed. Indianapolis has been instructed to interview Stone forthwith and submit results to the Bureau.

SUBJECT: The Congressional Record

HOUSE

Page H4061. Congressman Gross, (R) Iowa, advised that several weeks ago the House Administration Committee made available to the Justice Department an accumulation of evidence showing that Adam Clayton Powell illegally converted thousands of dollars of Government funds to his own use. On March 14th some 150 Members of the House signed and dispatched a letter to Attorney General Clark asking him to take action on the committee findings. Mr. Gross stated "If some obscure citizen had illegally cashed just one Government check for \$1,400 he would be brought to heel by the Justice Department in the shortest possible time. - - - what alibi does Attorney General Clark offer for his failure to prosecute this case, especially when the culprit, Adam Clayton Powell, continues to figuratively thumb his nose and otherwise defy the courts of this country?"

Character:

FRAUD AGAINST THE GOVERNMENT - CONSPIRACY

Synopsis:

Chalk Airlines, American Air Taxi, All Coast Aviation, Inc., and Bimini-Bahamas Air, Ltd., made available their passenger manifests and related documents pertaining to travel by Congressman ADAM CLAYTON POWELL and others between Miami, Fla., and Bimini, Bahamas, and return, for the years 1965-66. These airlines, including Eastern Airlines, requested to retain originals of these records. Immigration and Naturalization Service (INS) and U.S. Customs, Miami, Fla., advised all passengers aboard commercial aircraft and/or vessel leaving the U. S. for foreign travel and return must fill out an INS I-94 Form, which is sent to New York on microfilm. Upon returning to the U. S. from a foreign country, such passengers are requested to fill out a U.S. Customs baggage declaration, which is eventually destroyed. Passengers leaving or entering the U. S., to or from foreign travel, such as Bimini, aboard private aircraft and/or vessel, do not necessarily fill out an I-94 Form. INS, Miami, advised Congressman POWELL's boat, "Adam's Fancy", usually docks at the City of Miami Docks, and it docked there briefly during the Winter of 1966, but Congressman POWELL was not aboard. U. S. Customs and INS, Miami, cannot recall if or when Congressman POWELL was ever aboard the "Adam's Fancy" when it docked in the Miami area.

Mr. DEAN H. FRANKLIN, Owner, Chalk Airlines, McArthur Causeway, Watson Island, after being informed of the identities of the interviewing Agents and the nature of the inquiry, voluntarily furnished the following information:

His airline makes regularly-scheduled flights between Miami, Florida, and Bimini, Bahamas, seven days a week, two flights or more each day, depending upon the number of passengers.

Each passenger, before leaving Miami, fills out in duplicate an Immigration and Naturalization Service (INS) form, commonly known as an I-94 Form. The original of this form is turned over to a U.S. Customs Agent, who in turn gives it to INS. To his understanding, INS, Miami, sends this form to INS, Washington, D.C., who then microfilms it.

The duplicate copy of the I-94 is sent by his airline to their office at Bimini.

In addition, each passenger fills out a "Bahamas Customs Baggage Declaration", which is surrendered by the passenger at Bimini; a Bahama "Embarkation; Disembarkation Card", which is surrendered by the passenger at Bimini. He made available copies of both of these forms.

Upon each passenger's return to Miami, the passenger fills out a U. S. Customs Baggage Declaration form, which is Customs Form 6059-B. He made available a copy of this form.

Also, the duplicate copy of the I-94 Form is returned with the passenger. Upon the passenger's arrival in Miami, a U. S. Customs Agent obtains the Customs Baggage Declaration, Form 6059-B, and the duplicate I-94 Form. It is his understanding that U. S. Customs retains the baggage declaration form and submits the duplicate I-94 to INS.

If a passenger returns to Miami from Bimini via Chalk Airlines who did not originate his passage in Miami initially with Chalk Airlines, then prior to his departure

from Bimini, a new I-94 Form is prepared and sent with that passenger, which is then presented to the U.S. Customs Agent in Miami, along with that passenger's baggage declaration form.

Recently he was subpoenaed to Washington, D. C., along with Chalk Airlines records pertaining to flight manifests, to appear before the U. S. House of Representatives Committee on House Administration (HAC). These records pertained to flights between Miami and Bimini "and return", for the years 1965-66, relating to travel for Congressman ADAM CLAYTON POWELL and members of POWELL's staff.

These records were very recently returned to him in Miami, and he would have his wife make these records available for review and copying purposes.

Both he and his wife spent at least two weeks going through Chalk Airlines manifests and separating those manifests pertaining to Congressman POWELL and his staff in order to comply with the House of Representatives subpoena.

Mrs. DEAN H. FRANKLIN, wife of the owner, Chalk Airlines, McArthur Causeway, Watson Island, after being informed of the identities of the interviewing Agents and the nature of the inquiry, voluntarily furnished the following information:

The flight manifests records pertaining to travel by Congressman ADAM CLAYTON POWELL and his staff for the years 1965-66 were recently returned by the U. S. House of Representatives Committee on House Administration (HAC). These records are maintained at her residence, and she would make them available April 18, 1967.

All other flight manifests and records for the years 1965-66 are maintained at the airline office. She and her husband went through those records and separated the flight manifest records pertaining to Congressman POWELL and his staff at the instructions of the HAC. She and her husband spent at least two weeks going through the company's records in this regard, and those now at her home are the only ones existing.

Mr. DEAN H. FRANKLIN, Owner, Chalk Airlines, McArthur Causeway, Watson Island, voluntarily furnished the following information:

He has flown Congressman ADAM CLAYTON POWELL and members of his staff to Bimini, Bahamas, on a number of occasions. He knew most of these people by name and by sight. When making out the flight manifest, the names supplied by the passengers were listed on the passenger manifest. This is a normal procedure. No effort is made to further identify the passengers.

When his records were subpoenaed by the U. S. House of Representatives Committee on House Administration (HAC), he was given a list of names to check through his manifest records to determine if the names of any of those individuals appeared on his passenger manifests, for the years 1965-66. If so, he pulled those records and subsequently produced them before the HAC. He recognized those names as being:

Mr. WALTER MAY, Manager and Minority Stockholder, American Air Taxi, Inc., Miami International Airport (MIA), after being informed of the identities of the interviewing Agents and the nature of the inquiry, voluntarily furnished the following information:

Several months ago, the passenger manifest records for American Air Taxi for the years 1965-66, pertaining to the travel of Congressman ADAM CLAYTON POWELL and others to Miami and Bimini, were subpoenaed by the U. S. House of Representatives House Administrative Committee (HAC).

There were only a few such manifest records, and they were produced by former employee [REDACTED] who is b7C now employed by Southeast Airlines, a charter airline, Miami, Florida.

Those records produced were the only records pertaining to Congressman POWELL and other individuals, and no other records exist in so far as he knows.

He made available the original records for copying purposes, noting that there were 7 in total, including a letter from the HAC which enclosed these records when mailed back to American Air Taxi.

These records were initially pulled and separated from all other manifest records by former employee [REDACTED] as mentioned above. Mr. **THOMAS I. DAVIS**, [REDACTED] b7C
telephone [REDACTED] after being informed of the identities
of the interviewing Agents and the nature of the inquiry,
voluntarily furnished the following information:

He owns and operates All Coast Aviation, Inc., and
Bimini-Bahamas Air, Ltd., which is one in the same company.
His operation is basically a leasing-type aircraft business,
in which he will lease an aircraft from someone else in
order to fly passengers who have approached him for hire. In
effect, he in turn sub-leases the aircraft to the passenger
or client, and he (DAVIS) flies that person to a particular
location or he (DAVIS) hires a pilot to do the flying,
depending upon the circumstances.

He has a license and a charter to fly aircraft to
the Bahamas, including Bimini. The law does not require leased-type
aircraft to file a flight plan or make up a passenger manifest.
Nothing is demanded from the pilot or the passengers under
these circumstances when leaving Miami for the Bahamas.

Upon return, the pilot fills out a General Declaration
Form, Treasury Form 7507 (Customs), a copy of which he made
available. The passengers fill out a Customs Baggage Declaration
and an Immigration and Naturalization Service (INS) I-94 Form.

His operation is strictly a cash-type business, and
since no tickets or passenger manifests are required, he keeps
no particular records as such for any of his flights.

He was subpoenaed before the U. S. House of Representatives
House Administrative Committee (HAC) to produce his records for
any flight in which Congressman ADAM CLAYTON POWELL and others
were passengers for the years 1965-66. From his cash records, he
was able to recall possibly four such trips. He recalls taking
CORRINE HUFF to Bimini on one or two occasions, and also taking
Congressman POWELL and HUFF together to Bimini.

He forwarded a list of these dates to Mr. BOB GRAY,
who was working with the U. S. House of Representatives several
months ago. GRAY possesses Washington telephone numbers 225-6926

He reiterated the fact that he has no flight manifests or any records relating to travel performed by Congressman **POWELL** and/or **HUFF** through his hire, other than that mentioned above.

He makes no inquiry from the passengers to further identify themselves, other than accepting them for who they say they are.

1 [redacted] U. S. Customs, Miami International Airport (MIA), voluntarily furnished the following information:

All incoming passengers from a foreign country, whether by commercial boat or aircraft, must fill out a U. S. Customs Baggage Declaration. These baggage declarations are retained by date and flight number for about a year, and then are placed in warehouses for a period of time for storage before being destroyed by the Coast Guard. These records are not maintained alphabetically, and after a year's time, no particular filing system is maintained. There are literally thousands of baggage declarations for any given year.

As far as he knows, this is the only record maintained by Customs for U. S. citizens entering the U. S. by a commercial carrier.

As far as he knows, Congressman ADAM CLAYTON POWELL has never docked his boat, "Adam's Fancy", in the Miami area; however, this could have been accomplished without his knowledge.

All aircraft and boat operators, both commercial and private, by regulation are required to notify U. S. Customs and Immigration and Naturalization Service (INS) upon their arrival in the U. S. All commercial passengers must fill out a baggage declaration, which is maintained temporarily in Miami before destruction. If a private carrier entering the U. S. does not have any cargo or passengers, then INS handles the incoming passengers. A form is utilized by INS in this regard.

Any private boat, can dock almost anywhere in the greater Miami area; however, the operators of such boats must notify INS and/or Customs of arrival in Miami from a foreign country. He suspects that only one-half of all private boats entering Miami from a foreign country advise INS and/or Customs; however, that is the law.

He has never heard or known of Congressman ABRAHAM CLAYTON POWELL docking his boat anywhere in the Miami area.

[redacted] Chief Inspector, U. S. Customs,
Bade County Port Authority, Dodge Island, Room #115,
voluntarily furnished the following information:

When a private boat enters the U. S. from a foreign country, the operator of the craft is, by law, required to notify Customs and/or Immigration and Naturalization Service (INS) of its arrival. In the Miami area, the boat is required to dock within the Port Authority boundaries. Normally, an INS employee boards the vessel, and subsequently fills out a "Boarding Officer's Report of Vessel or Aircraft Used Exclusively For Pleasure", Form DD 52-713. He made available a copy of this form.

This form, along with any baggage declarations, are turned over to U.S. Customs.

If an operator of a vessel or aircraft does not notify INS and/or Customs, he would be in violation of the law.

These records and baggage declarations are maintained by Customs for a certain period of time, and then destroyed.

A review of his records failed to reflect Congressman ADAM CLAYTON POWELL ever entering Miami from any foreign country aboard his boat, "Adam's Fancy". Personally, he believes Congressman POWELL, when leaving Miami for Bimini and returning, generally utilized services of Chalk Airlines.

FEDERAL BUREAU OF INVESTIGATION

4/19/67

Date

Mr. R. F. CORNETT, Supervisor, Immigration and Naturalization Service (INS), Miami International Airport (MIA), voluntarily furnished the following information:

All incoming passengers aboard a commercial type aircraft or boat from a foreign country, including Bimini, Bahamas, must fill out a baggage declaration form, which is handled by U.S. Customs. Also, such passengers fill out an I-94 Form, which is handled by INS.

All passengers aboard private aircraft and boats arriving from a foreign country are handled by INS, providing no aliens are aboard. INS fills out a boarding officer's report form, which is, in turn, given to U.S. Customs to maintain.

All passengers leaving the U. S. to a foreign country by commercial-type aircraft and/or boat must fill out an I-94 Form for INS.

All I-94 Forms for both incoming and outgoing passengers to and from a foreign country are microfilmed and sent to INS, New York.

All passengers leaving the U.S. for foreign travel "and return" by way of a private aircraft and/or boat are not required to fill out an I-94 Form. Such passengers are, however, upon return to the U. S., required to notify INS and/or Customs, and a boarding officer's report form is filled out by INS, as explained above. This is similar to a U. S. citizen driving his personally-owned car to Canada, and then returning.

It is believed that only possibly 50% of passengers aboard a private aircraft and/or boat notify INS and Customs of their arrival in the U. S., to comply with these regulations.

He has never known of Congressman ADAM CLAYTON POWELL arriving in the U. S. at Miami on his boat, "Adan's Fancy". If he did, Congressman POWELL could dock almost anywhere, and there would be absolutely no way of determining

Mr. JAMES S. TILLMAN, Supervisor, Immigration and Naturalization Service (INS), Federal Building, voluntarily furnished the following information:

He is aware of the fact that Congressman ADAM CLAYTON POWELL owns a boat named "Adam's Fancy". This is a small fishing boat, and not a large pleasure-type craft.

He cannot recall when the "Adam's Fancy" last docked in Miami, but when it does it is moored in the City of Miami Dock, which is situated next to the Miami Auditorium and the causeway leading to Dodge Island.

He cannot recall if or when Congressman POWELL was aboard the "Adam's Fancy" when it docked in Miami, but apparently this was a long time ago.

Enclosed for Washington Field is one copy of Miami letter to Bureau 3/30/65, captioned "ADAM CLAYTON POWELL, INFORMATION CONCERNING", Miami file 62-1273, which the Bureau alluded to in referenced Bureau airtel 4/21/67.

For the info of the Bureau and Washington Field, at the present time no significant developments have currently been attached to the info reported by _____ to the Miami Office on 3/25/65.

Miami possesses no info as to the identity of "VIVIAN", the alleged secretary of POWELL who reportedly was on the "Sea Rose" with POWELL at that time. In addition, Miami possesses no info as to the identity of AURORA HARRIS, as mentioned in referenced Bureau airtel.

Washington Field may be in a position to determine if Congressman POWELL had a secretary named "VIVIAN" on his payroll during 2/65. If so, "VIVIAN" may have utilized the travel in the name of AURORA HARRIS or "VIVIAN" may be a name used by AURORA HARRIS.

In connection with the investigation which the FBI is conducting concerning certain activities of Congressman Powell, Mr. Herbert Edelhertz of your division advised Special Agent [REDACTED] of this Bureau on April 25, 1967, that Mr. Chester Bagley, accountant for Congressman Powell, had prepared, on behalf of Congressman Powell, a breakdown of all of the Congressman's travels and had agreed to make that information available to the FBI. Mr. Edelhertz requested that Mr. Bagley be contacted for the purpose of obtaining the information concerning Congressman Powell's travels.

For your information, Mr. Bagley will be contacted promptly at his office, 179 West 137th Street, New York, New York, telephone AU 6-1109, or at his home, [REDACTED] telephone [REDACTED]. [REDACTED] requested and the information furnished by him will be made available to your division.

APR 26 1967

NOTE: This is submitted to confirm the request received 4/25/67 by SA [REDACTED] from Herbert Edelhertz of the Department. Instructions were forwarded by teletype to New York on 4/25/67 instructing that the information be obtained from Bagley on 4/26/67 and that a summary be furnished the Bureau the same day. Expeditious handling is being afforded inasmuch as Powell's travels are one of the three areas which the Department requested that our investigation cover concerning activities of Congressman Powell. Bureau indices contain no information identifiable with Bagley.

Remarks:

For your information, sufficient differences were noted in the signatures on Q22 and Q24 and the Odell Clark signature on Q23 when compared with the handwriting of JOHN DUNCAN on K1 to indicate that DUNCAN probably did not prepare the signatures on Q22 and Q24 or the Odell Clark signature on Q23.

Because of the distorted nature of the endorsements on check Q8, it is doubtful that it will ever be possible to determine the writer of the endorsements on this check.

Differences were noted in the Odell Clark signature on Q23 when compared with signatures of Odell Clark on Kc3.

Result of examination:

It was concluded that the Adam C. Powell endorsements on checks Q1 through Q7, Q9, Q10 and Q13 through Q19 were not written by ADAM CLAYTON POWELL, whose signatures appear on specimens Kc2 and Kc4. A definite conclusion could not be reached as to whether ADAM CLAYTON POWELL, Kc2 and Kc4, prepared the Y. Marjorie Flores endorsements on checks Q1 through Q7, Q9, Q10, Q11 and Q13 through Q21, the illegible endorsements on check Q8, the Adam C. Powell endorsement on check Q12 or the signatures on the transportation receipts referred to above as specimens Q22 through Q25. The available known handwriting of ADAM CLAYTON POWELL is not sufficiently comparable with the Y. Marjorie Flores endorsements or the signatures on the transportation receipts. The endorsements on check Q8 are too distorted and limited in the amount of handwriting. Some variations appear in the Adam C. Powell endorsement on check Q12 that cannot be entirely explained with the available known handwriting of ADAM CLAYTON POWELL.

It was concluded that the Maxienne M. Dargans signatures on transportation receipts described as Q23 and Q25 were not written by JOHN DUNCAN, writer of K1. A definite conclusion could not be reached as to whether JOHN DUNCAN, K1, prepared the signatures on Q22 and Q24 or the Odell Clark signature on Q23. The line quality of the writing has been obscured by writing one signature over another.

Because of the obscure nature of the line structure of the questioned signature and the limited amount of known handwriting, a definite conclusion could not be reached whether ODELL CLARK, writer of Kc3, prepared the Odell Clark signature on transportation receipt Q23.

Specimens Q22 through Q25 are returned herewith to the Washington Field Office. Specimens K1 through Kc4 and photographs of Q22 through Q25 are retained.

Result of examination:

It was concluded that the Y. Marjorie Flores endorsements on checks Q1 through Q7, Q9, Q10 and Q13 through Q19 were written by one person. It was further concluded that the Adam C. Powell endorsements on checks Q1 through Q7, Q9, Q10 and Q13 through Q19 were written by one person. Because of the lack of sufficient comparable letters and letter combinations in the endorsements, a definite conclusion could not be reached as to whether the writer of the Y. Marjorie Flores endorsements on checks Q1 through Q7, Q9, Q10 and Q13 through Q19 prepared the Adam C. Powell endorsements on checks Q1 through Q7, Q9, Q10 and Q13 through Q19.

It was concluded that the Y. Marjorie Flores endorsements on checks Q20 and Q21 were written by one person. It was concluded that the Y. Marjorie Flores endorsements on checks Q20 and Q21 were not written by the writer of the Y. Marjorie Flores endorsements on checks Q1 through Q7, Q9, Q10 and Q13 through Q19.

Because of the limited amount of handwriting and because of the distorted nature of the handwriting, a definite conclusion could not be reached as to whether the endorsements on checks Q8, Q11 and Q12 were prepared by one person or by ADAM CLAYTON POWELL, whose signatures appear on fingerprint cards.

The signature of LOUISE MAXIMUNE DARGANS, appearing on a fingerprint card in the Bureau's files, does not contain sufficient comparable letters and letter combinations to permit an opinion as to whether she prepared any of the questioned endorsements on checks Q1 through Q21.

Checks Q1 through Q21 are returned herewith. Representative photographs are retained.

TO: DIRECTOR, FBI ATTN: FBI LABORATORY
FROM: SAC, WFO (46-8853) (P)
CONGRESSMAN ADAM CLAYTON POWELL

FAC - CONSPIRACY
(OO:WFO)

Enclosed herewith to the Laboratory are the originals of 21 Treasury Checks payable to Y. MARJORIE FLORES, the present wife of ADAM CLAYTON POWELL, Jr., for salary paid in 1965 and 1966. Three checks for this period are not included since they remain outstanding and cannot therefore be made available by Treasury. Complete descriptive data on these checks is shown on attached list.

For information of Bureau LOUISE MAXIMILE DARGANS, Former Chief Clerk of the House Committee on Education and Labor which was chairmanned by POWELL testified before a subcommittee of the Committee on House Administration on 12/19/65. DARGANS testified she usually deposited FLORES checks for POWELL to POWELL's account at the Sergeant at Arms Bank, House of Representatives. In connection with deposits she endorsed the checks signing the name of Y. MARJORIE FLORES, the payee. DARGANS was shown photostats of 19 of the 21 checks. She identified the endorsements on 16 of these checks. Those she identified as not having been endorsed by her were those dated 8/31/65, 11/30/65 and 12/20/65. She indicated the endorsements on these three

appear to be in handwriting of ADAM CLAYTON POWELL. For further information of the Laboratory, YVETTE MARJORIE FLORES, wife of ADAM POWELL testified before a Select Committee of the 90th Congress on 2/16/67, which was conducting hearings on the right of POWELL to be seated in the 90th Congress. A transcript of FLORES testimony indicates she received only two checks during 1965 and 1966 and those were dated November 30, 1966, and December 20, 1966. She was not shown copies of these checks, however, she was shown photocopies of the other 19 checks. She testified the endorsements appearing on these 19 checks were not prepared by her.

For information of the Laboratory the Bureau investigation will not have benefit of securing handwriting specimens of FLORES or DARGANS since both have agreed to interview only in the presence of counsel. It appears doubtful the investigation will have benefit of handwriting specimens of ADAM CLAYTON POWELL. Further the investigation will be unable to secure undictated handwriting specimens from the House of Representatives or any committees of the House due to the fact all records there are protected from being made available outside the House by House Resolution 11 dated January 10, 1967. Therefore, WFO will attempt to secure undictated specimens from other sources and will forward to Laboratory if and when received.

The Laboratory is requested to conduct appropriate examinations of the endorsements appearing on each of the 21 checks enclosed. If possible determine if ADAM CLAYTON POWELL executed the FLORES and POWELL endorsements appearing on checks 451, 418 dated 8/31/65; 466,015 dated 11/30/65 and 472,138 dated 12/20/65. It is noted POWELL's date of birth is 11/29/06, New Haven, Connecticut and two fingerprint cards bearing POWELL's signature are contained in Identification Division records.

WFO 46-8853

It would be helpful if the Laboratory could advise if each of the three groups of checks, 16 endorsed by DARGANS, 2 by FLORES, and the 3 believed endorsed by POWELL were each prepared by the same individual or by more than one individual.

Any other examination of the endorsements deemed advisable for assistance in investigation or as evidence should be conducted.

SUMMARY AIRTEL

Counterpart Funds:

Interviews with Congressional sources disclosed opinion that travel expenditures by Congressional committees are published in the Congressional Record as the most convenient way to make this information available to the press and the public. Also the publication had some regulatory effect on these expenditures. According to the sources the reports have no other significance to the operations of Congress. Investigation has been completed concerning the procedures used in reporting the use of these funds and the significance of the reports to the operations of Congress as requested in the Criminal Division memorandum dated 3/27/67.

Y. MARJORIE FLORES (Mrs. POWELL):

her payroll checks obtained from the Treasury Dept. have been submitted to the FBI Laboratory with a request that examination be made to determine if Congressman POWELL endorsed any of the checks. Mrs. LOUISE M. DARGANS testified before the House Committee that she endorsed POWELL's name to 16 checks but she believed POWELL had endorsed 3 of the checks. WFO has been unable to obtain records of POWELL's bank account since a House resolution is necessary to obtain the records. Committee personnel and former personnel were unable to furnish any information concerning work performed by FLORES since 7/1/65.

WFO is attempting to obtain known handwriting specimens of FLORES and POWELL. San Juan has been requested to determine if FLORES performed any work since 7/1/65, through inquiry of domestic help, relatives or other logical sources.

Travel

WFO was advised by officials of the House of Representatives that a House resolution is necessary to obtain vouchers or other records. Fourteen individuals have been interviewed by WFO. AURORA HARRIS, CLEOMINE B. LEWIS, MICHAEL SCHWARTZ, DOROTHY W. HIMES, DONALD T. BERENS and JOHN E. WARREN whose names appear on 18 airline tickets charged to the committee for alleged travel to Miami denied this travel; however, they were unable to furnish the identities of the actual travelers.

The individuals whose names appear on air taxi manifests for travel between Miami and Bimini include EMMA T. SWANN, her husband FRANCIS C. SWANN and Mrs. C. SUMNER STONE who have declined to be interviewed. ROBERT JEROME REED and LIVINGSTON WINGATE have not contacted this office following several unsuccessful attempts to interview them. C. SUMNER STONE is being interviewed by the Indianapolis Office. CORRINE A. HUFF who failed to respond to a subpoena to appear before the Special Subcommittee on Contracts has not been located in Washington, D.C., and is alleged to be in Bimini with POWELL.

WFO 46-8853

Mrs. LOUISE M. DARGANS, former Chief Clerk of the Committee has declined to be interviewed except in the presence of her attorney. The aforementioned individuals are knowledgeable as to who actually performed travel to Miami using assumed names.

JULIAN P. LANGSTON, Chief Clerk, House Administration Committee, stated his committee was deceived when POWELL submitted airline vouchers indicating that certain travel had been performed, when in fact the travel was performed by someone other than the individual named on the airline ticket. He further stated that in his opinion Congressman POWELL and his staff members had no authority to travel to Bimini or to Miami with Bimini being their destination. He based his opinion on House Resolution 94, 89th Congress, effective 1/4/65, applicable to the Committee on Education and Labor. The resolution sets forth the authority of the committee and specifies that funds authorized are for expenses incurred for activities within the U.S.

Regarding the 3/28/65, trip from WDC to NY when 4 non-committee personnel allegedly used airline tickets charged on committee credit card, PEARL SWANGIN and LILLIAN UPSHUR declined to be interviewed by NY agents. JOHN W. DUNCAN advised that to the best of his recollection he paid for his trip on 3/28/65. ADAM C. POWELL III is being interviewed by the Boston Office concerning this trip and a trip to Bimini on 1/23/66.

WFO is reviewing flight insurance applications maintained by Mutual of Omaha. These applications covering two years and all flights from National Airport could assist in identifying actual travelers. The review is being limited to about 15 pertinent dates and the review will be completed by 4/26/67. Several statements are in process of being signed and inserts are in dictation. WFO will surep 5/2/67.

NOTE:

WFO on 4/25/67, set out leads for San Juan to contact logical sources to establish whether Mrs. Powell performed any official duties for Powell from July, 1965, through 1966, during which time congressional salary payments were designated for her.

In response to Butel San Juan advised 4/27/67, that it had no outstanding investigation in this matter. At that time it appears San Juan had not received WFO airtel of April 25, 1967.

SUBJECT: CONGRESSMAN ADAM CLAYTON POWELL; ET AL. 1-
FRAUD AGAINST THE GOVERNMENT

PURPOSE:

This is to advise as to current status of this matter as to the three items of investigation requested by the Department relating to alleged misuse of public funds by Congressman Powell and his staff.

Alleged Use of Public Funds for Personal Travel

During 1965 and 1966 there was some \$12,000 travel expense charged to Powell's committee for airline trips, principally to New York City and Miami, Florida. Some of this travel was performed under assumed names by both congressional employees and others with no official congressional connection. No claims were submitted for per diem or other expenses in connection with this travel and for these reasons the some 300 airline tickets involved are considered questionable.

Washington Field has interviewed 14 former staff members involved in this travel. They all denied making the trips but were unable to furnish the identities of the actual travelers. Five additional possible key witnesses regarding this item flatly refuse to be interviewed by the FBI. Two of these had no official congressional connection but their airline tickets from Washington, D. C., to New York City were charged to Powell's committee at the instructions of Powell. The attorney for these two persons advised them not to talk to the FBI, told them they could be subpoenaed before the grand jury and could exert their privilege at that time.

We have been unable to locate Corrine Huff (Powell's secretary) who is reported to be in Bimini with Powell. We have also not been able to interview four necessary witnesses either because they have set undesirable conditions under which the interviews could be conducted (insisting that attorneys be present) or have not made themselves available for interview after repeated efforts in this regard.

MAY 5 1967

CONTINUED - OVER

62 MAY 10 1967

Memorandum to Mr. DeLoach
Re: CONGRESSMAN ADAM CLAYTON POWELL

We have advised Department of positions taken by these persons in refusing to be interviewed, avoiding interviews or otherwise being uncooperative for its consideration in connection with any grand jury action contemplated, as well as to the need of various congressional records for handwriting examinations, which records can be obtained only by subpoena and/or House Resolution.

Payroll Abuse

This involves salary payments from 7/1/65, of some \$28,000 to Mrs. Powell for which she performed no duties. Mrs. Powell refused to be interviewed regarding this matter except in the presence of her attorney and the position taken by her has been called to the Department's attention by memorandum for appropriate action in connection with any grand jury action contemplated. Persons interviewed to date had no information as to Mrs. Powell's ever performing any work for the Congressman since 7/1/65. The payroll checks involved have been obtained and handwriting specimens of Congressman and Mrs. Powell are being secured from public records so that we can check out endorsements on these checks inasmuch as Mrs. Powell has denied ever receiving these checks.

False Reports as to Expenditures of Foreign-Exchange Currency

From 1961 through 1964 Congressman Powell and two of his female employees reported only about one-half of the some \$20,000 in foreign-exchange funds advanced to them for foreign travel expenses. Our investigation, in line with request from the Department, established that these reports were perfunctorily filed because they were required for publication in the Congressional Record. Sources interviewed said they had no effect on the operations of Congress. This item of investigation has been completed and reports furnished to the Department.

ACTION:

For information. The six field offices having outstanding leads in this case were instructed on 4/26/67, to expedite all remaining investigation to maximum extent possible. Their progress will be followed closely in this regard and you will be kept advised of pertinent developments as they occur.

Sec. 231. (a) Upon the arrival of any person by water or by air at any port within the United States from any place outside the United States, it shall be the duty of the master or commanding officer, or authorized agent, owner, or consignee of the vessel or aircraft, having any such person on board to deliver to the immigration officers at the port of arrival typewritten or printed lists or manifests of the persons on board such vessel or aircraft. Such lists or manifests shall be prepared at such time, be in such form and shall contain such information as the Attorney General shall prescribe by regulation as being necessary for the identification of the persons transported and for the enforcement of the immigration laws. This subsection shall not require the master or commanding officer, or authorized agent, owner, or consignee of a vessel or aircraft to furnish a list or manifest relating (1) to an alien crewman or (2) to any other person arriving by air on a trip originating in foreign contiguous territory, except (with respect to such arrivals by air) as may be required by regulations issued pursuant to section 239.

(b) It shall be the duty of the master or commanding officer or authorized agent of every vessel or aircraft taking passengers on board at any port of the United States, who are destined to any place outside the United States, to file with the immigration officers before departure from such port a list of all such persons taken on board. Such list shall be in such form, contain such information, and be accompanied by such documents, as the Attorney General shall prescribe by regulation as necessary for the identification of the persons so transported and for the enforcement of the immigration laws. No master or commanding officer of any such vessel or aircraft shall be granted clearance papers for his vessel or aircraft until he or the authorized agent has deposited such list or lists and accompanying documents with the immigration officer at such port and made oath that they are full and complete as to the information required to be contained therein, except that in the case of vessels or aircraft which the Attorney General determines are making regular trips to ports of the

United States, the Attorney General may, when expedient, arrange for the delivery of lists of outgoing persons at a later date. This subsection shall not require the master or commanding officer, or authorized agent, owner, or consignee of a vessel or aircraft to furnish a list or manifest relating (1) to an alien crewman or (2) to any other person departing by air on a trip originating in the United States who is destined to foreign contiguous territory, except (with respect to such departure by air) as may be required by regulations issued pursuant to section 239.

(c) The Attorney General may authorize immigration officers to record the following information regarding every resident person leaving the United States by way of the Canadian or Mexican borders for permanent residence in a foreign country: Name, age, and sex; whether married or single; calling or occupation; whether able to read or write; nationality; country of birth; country of which citizen or subject; race; last permanent residence in the United States; intended future permanent residence; and time and port of last arrival in the United States; and if a United States citizen or national, the facts on which claim to that status is based.

(d) If it shall appear to the satisfaction of the Attorney General that the master or commanding officer, owner, or consignee of any vessel or aircraft, or the agent of any transportation line, as the case may be, has refused or failed to deliver any list or manifest required by subsections (a) or (b), or that the list or manifest delivered is not accurate and full, such master or commanding officer, owner, or consignee, or agent, as the case may be, shall pay to the collector of customs at the port of arrival or departure the sum of \$10 for each person concerning whom such accurate and full list or manifest is not furnished, or concerning whom the manifest or list is not prepared and sworn to as prescribed by this section or by regulations issued pursuant thereto. No vessel or aircraft shall be granted clearance pending determination of the question of the liability to the

T AND E ACT

payment of such penalty, or while it remains unpaid, and no such penalty shall be remitted or refunded, except that allowance may be granted prior to the determination of such question upon the deposit with the collector of customs of a bond or undertaking approved by the Attorney General or a sum sufficient to cover such penalty.

(e) The Attorney General is authorized to prescribe the circumstances and conditions under which the list or manifest requirements of subsections (a) and (b) may be waived.

PART 231—ARRIVAL-DEPARTURE MANIFESTS AND
LISTS; SUPPORTING DOCUMENTS

§ 231.1 Arrival manifests for passengers—(a) Vessels. The master or agent of every vessel arriving in the United States from a foreign place or from an outlying possession of the United States, except one arriving directly from Canada on a voyage originating in that country, must present a manifest of all passengers on board to the immigration officer at the first port of arrival. For such vessels as are given advance permission to use the procedure, the manifest shall be in the form of a separate arrival-departure card (Form I-94) prepared for and presented by each passenger. For all other vessels the manifest shall be submitted on a Form I-418, executed in accordance with the instructions on the reverse thereof, with a completely executed set of Forms I-94 prepared for and presented by each alien passenger except an immigrant, a Canadian citizen, or a British subject residing in Canada or Bermuda.

(b) Aircraft. The captain or agent of every aircraft arriving in the United States from a foreign place or from an outlying possession of the United States, except one arriving directly from Canada on a flight originating in that country, must present a manifest in the form of a separate arrival-departure card (Form I-94) prepared for and presented by each passenger on board to the immigration officer at the first port of arrival, except that an arrival-departure card is not required for an arriving, through-flight passenger at a United States port from which he will depart directly to a foreign place or an outlying possession of the United States on the same flight, provided the number of such through-flight passengers is noted on the Bureau of Customs Form 7507 or on the International Civil Aviation Organization's General

Declaration and such passengers remain during the ground time in a separate area under the direction and control of the Service.

(c) Deferred inspection. When inspection of an arriving passenger is deferred at the request of the carrier to another port of debarkation, the manifest relating to any such passenger shall be returned, together with a Form I-92 when the Form I-94 manifest procedure is used, for presentation by the captain, master, or agent at the port where inspection is to be conducted.

§ 231.2 Departure manifests for passengers--(a) Vessels. The master or agent of every vessel departing from the United States for a foreign place or an outlying possession of the United States, except one departing directly to Canada on a voyage terminating in that country, must present a manifest of all passengers on board to the immigration officer at the port of departure. For such vessels as are given advance permission to use the procedure, the manifest shall be in the form of a separate arrival-departure card (Form I-94) for each passenger. For all other vessels, the manifest shall be submitted on a Form I-418, executed in accordance with the instructions on the reverse thereof, with a fully executed Form I-94 for each alien passenger except an alien permanent resident of the United States, a Canadian citizen, or a British subject residing in Canada or Bermuda. For departing alien nonimmigrants the Form I-94 given the alien at the time of his last admission to the United States should be utilized. Any alien registration receipt card on Form I-151 surrendered pursuant to Part 264 of this chapter shall be attached to the manifest. The presentation of the departure manifest on vessels making regularly scheduled voyages to and from the United States may be deferred as follows: the Forms I-94 of departing

On vessels using the Form I-418 manifest, the Forms I-418, appropriately noted to show prior submission of Forms I-94, shall be presented to the immigration officer at the port of departure within 30 calendar days from date of departure. In the event a Form I-94 for a departing nonimmigrant alien is not submitted within the aforementioned 96-hour period, a completed Form I-94 for that person shall be attached to and shall be submitted with the departure manifest, accompanied by an explanation as to why timely presentation was not made; for good cause shown, such submission shall not be regarded as lack of compliance with section 231(d) of the Act.

(b) Aircraft. The captain or agent of every aircraft departing from the United States for a foreign place or an outlying possession of the United States, except one departing directly to Canada on a flight terminating in that country, must present a manifest of all passengers on board to the immigration officer at the port of departure prior to departure, except that aircraft departing on regularly scheduled flights from the United States may defer presentation for a period not in excess of 48 hours. The manifest shall be in the form of a Bureau of Customs Form 7507 or the Inter-

~~CHESTER A. BAGLEY~~, Certified Public Accountant, employed as Comptroller with Harlem Teams for Self Help, Inc., 179 West 137th Street, New York City, furnished the following information after being placed under oath by SA [REDACTED] b7c

~~CHESTER A. BAGLEY~~
He has been an accountant for Congressman ADAM CLAYTON POWELL since 1958. The majority of his work for Congressman POWELL has been connected with his tax returns.

About April 1 or 2, 1967, he was requested by Congressman POWELL to go to Bimini to see him in reference to his Income Tax Return. He met with Congressman POWELL in Bimini on April 5, 1967, and left there on April 7, 1967, to return to New York City.

While at Bimini Congressman POWELL requested him to break down travel charged to credit cards held by four employees of his committee from whatever information was available from hearings before the Special Subcommittee or hearings before the Select Committee.

In addition to Congressman POWELL's request, he attempted to come up with an amount for which the Subcommittee would charge POWELL.

He made available copies of his workpapers and reports prepared by him in connection with this matter.

All of the information appearing in his workpapers and reports was taken from booklet entitled "Hearings Before the Special Subcommittee on Contracts of the Committee on House Administration, House of Representatives, Eighty-Ninth Congress, Second Session, Relating to the Investigation Into Expenditures During the 89th Congress by the House Committee on Education and Labor, and the Clerk-Hire Payroll Status of Y. MARJORIE FLORES. December 19, 20, 21 and 30, 1966" and booklet entitled "In Re ADAM CLAYTON POWELL, Hearings Before Select Committee Pursuant to H. Res. 1 Ninetieth Congress, First Session, On H. Res. 1, To Report Upon the Right of ADAM CLAYTON POWELL to be Sworn In as a Representative From the State of New York in the 90th Congress. February 8, 14, 16, 1967." He had no other information

or documents to work with in connection with this matter.

He mailed copies of his reports to Congressman POWELL on April 24, 1967. He made available a copy of his letter transmitting the reports to Congressman POWELL.

In his reports he showed a breakdown of amounts for individuals charged to specific credit cards for Miami travel and other travel. Approximately 75 per cent of the items were able to be traced to individual credit cards. The remaining items he charged to individual credit cards as they followed a trend. He did not list any of the amounts by date nor did he make any notations as to the amounts that could not be traced directly to individual credit cards as he was in a hurry to complete his reports.

He has no information concerning any of the travel performed or whether travel was in connection with official committee business. He has no information regarding any travel that may have been charged to Congressman POWELL's Committee but performed by individuals not employed by the Committee.

Following are copies of the reports and the letter made available by CHESTER A. BAGLEY:

April 24, 1967

Dear Adam:

Enclosed is an original and two copies of my Analysis of Travel as per our discussion. It was difficult from the reports to determine exactly to which card each contested amount was charged. However, I was able to determine sufficient information and feel confident that the amounts shown per the attached schedules are fair.

Also, I did not have a copy of the resolution submitted by the Celler Committee which would probably have given a breakdown of the various parts of the fine of \$40,000. However, I did attempt to reconstruct this amount from the reports. As you will see per one enclosed schedule, I have computed a total due of \$41,503. This would appear to be fairly close.

I am retaining two copies of the various schedules in my files. If you want me to transmit a copy or copies to anyone, let me know or I will assume that you are taking care of it from your end.

I would appreciate it if at your first opportunity you would show the plaque given to you by Harlem Teams to the press. This is important. If you recall, it was left on the boat.

Let me hear from you in regard to this matter and any other assistance I might give.

Sincerely yours,

20

~~CHARLES LLOYD MITCHELL~~, Private Detective, Mitchell Detective Bureau, 580 Saint Nicholas Avenue, New York City, read a statement entitled "Your Rights" after which he stated that he understood his rights. He declined to sign the waiver appearing on this form.

cc. WI

He advised that he took a trip to Bimini on July 2, 1965, and that this was his own personal affair. He said he would not discuss this trip or any other trip. He said he has nothing to do with Congress and Congress has nothing to do with him. He said he "understands the whole thing" and doesn't want to become involved with "this thing" for Congressman POWELL.

[REDACTED] Airport Hotel, telephone 633-9611, Miami International Airport, voluntarily furnished the following information:

b7c

b7D

He has been employed by the Airport Hotel for the past [REDACTED]. During this period of time he can only recall one instance when Congressman ADAM CLAYTON POWELL stayed at the hotel. He could not recall the exact date and time when this occurred; however, it was several years ago and prior to 1965.

A review of the Miami Airport Hotel records failed to reflect the following individuals stayed at the Airport Hotel on February 10, 1965, May 23, 1965, May 28, 1965, July 1, 1965, October 24, 1965, January 23, 1966, February 14, 1966 or August 7, 1966.

 their account number for this registration is 12030 which re-
 flects a notation, "Render no bill to Mr. Powell" and the
 notation "Bill to Mr. John Schwartz, 900 Bay Drive, Apt. 601,
 Miami Beach, Florida." He advised that on the bill under the
 name Mr. JOHN SCHWARTZ is the telephone number 866-0366. He
 stated that it is evident to him that the bill was forwarded
 to Mr. JOHN SCHWARTZ. He stated further that the bill bears
 the notation, "Paid for by check on 1/30/65." The total charges
 on the bill were \$597.91. The bill indicated these charges
 included, among other things, charges for use of the solarium
 and fishing trips, in addition to the room rent, restaurant
 charges and long distance phone calls. [redacted] furnished an b7c

CONGRESSMAN ADAM CLAYTON POWELL, ET AL.
FRAUD AGAINST THE GOVERNMENT
CONSPIRACY

Reference is made to my letter dated April 26, 1967, concerning the request from Mr. Herbert Edelbertz of the Fraud Section of the Criminal Division of the Department for this Bureau to contact Mr. Chester Bagley, accountant for Congressman Powell, for information which Mr. Bagley had agreed to make available.

Mr. Bagley advised Special Agents of our New York Office on April 26, 1967, that Congressman Powell had requested him to analyze congressional committees' reports concerning travel obtained by Government credit cards held by four former employees of Congressman Powell. Mr. Bagley made available copies of his work papers and reports which showed that approximately 75% of the travel costs were traced to Government credit cards held by these individuals. The remaining travel costs were allocated to these credit cards inasmuch as the travel involved followed a trend, according to Mr. Bagley. Mr. Bagley did not list any of the amounts by date nor did he make any notations as to the amounts that could not be traced to credit cards as he was in a hurry to complete his reports.

According to Mr. Bagley, he had no information as to whether the travel involved in this matter was an official committee business or whether some of the travel was performed by individuals not employed by Congressman Powell.

Mr. Bagley also said he attempted to determine an amount of money the congressional committee would charge Powell.

Mr. Fred M. Vinson, Jr.

in connection with this matter. In this respect, Mr. Bagley prepared a report entitled "Analysis of Amounts to Be Repaid," which lists the following items and amounts:

Mrs. Powell's salary August 1, 1965, through December 30, 1966	\$28,505.34
S. Given's salary	420.89
Miami travel	6,490.63
Other travel	6,086.19

The amounts listed by Mr. Bagley for these four items are identical with the amounts attributed to these items in the congressional committees' reports in this matter.

Mr. Bagley further advised that he mailed copies of his report to Congressman Powell on April 24, 1967.

The report of our New York Office concerning the interview of Mr. Bagley will be furnished to you upon receipt.

NOTE: This is in connection with our investigation of Powell concerning alleged use of public funds for personal travel and salary payments to his wife for which she performed no official duties. The S. Givens referred to herein was on Powell's payroll for a short period of time and was hired for the expressed purpose of doing domestic work for him. In this connection, she traveled to Bimini and worked for a few weeks for Powell. The information furnished by Bagley is of no significance to our investigation. It is merely a rehash of data set forth in congressional committees' reports.

ADMINISTRATIVE:

Mrs. ADAM CLAYTON POWELL no longer uses her Cerro Gordo, Puerto Rico home as a full-time residence. It was determined on April 13, 1967, she now lives in [REDACTED] and has unlisted telephone number [REDACTED]. The unlisted telephone number of her attorney, REINALDO PAIAGUA is [REDACTED] b7c

The Cerro Gordo home is located in a very small community on a beach of Puerto Rico and her residence is set back from the road about 30 feet and is surrounded by a cyclone-type fence at the edge of the road with a six foot high gate. The only means of communication from the gate to the house is an intercom system which does not appear to be in working order.

On May 1, 1967, [REDACTED] General Electric Company, Vega Alta, Puerto Rico, advised he was not acquainted in any way with YVETTE POWELL and could furnish no information whatsoever concerning her. He stated the only person he could suggest that perhaps would be acquainted with Mrs. POWELL or other persons who may know Mrs. POWELL would be [REDACTED] of his plant, [REDACTED] b7c b7D

On the same date an attempt was made to contact [REDACTED] with negative results.

An attempt was also made to contact [REDACTED] with negative results.

On May 1, 1967, [REDACTED] b7c
Vega Alta, Puerto Rico, advised YVETTE DIAGO POWELL is well known b7D
in the Vega Alta area. He advised he has known Mrs. POWELL for
several years, but his association with her was limited.

[REDACTED] He stated he did not know anyone in the area who is a close
friend of Mrs. POWELL, but it was his understanding that [REDACTED]
[REDACTED] He advised he did not know
where [REDACTED] presently resides.

On May 1, 1967, [REDACTED] advised
[REDACTED] presently resides in
[REDACTED]

An attempt was made to contact [REDACTED]
[REDACTED] on May 1, 1967, with negative results.

An attempt was made to contact [REDACTED]
[REDACTED] and at her residence with negative
results.

On May 1, 1967, FRANK AUGER, Postmaster, Vega Alta, Puerto
Rico, advised SA [REDACTED] there is no delivery to Cerro Gordo b7c
and that all the mail for residents of Cerro Gordo is sent through b7D
the post office at Central San Vicente, Vega Alta, Puerto Rico. He
advised he is aware of the fact that Mrs. YVETTE DIAGO POWELL resides
in Cerro Gordo, Vega Alta, Puerto Rico, but he is not acquainted
with her.

He further advised [REDACTED] a resident of Cerro b7c
Gordo, Puerto Rico, would be a person who would most likely be able b7D
to furnish information concerning Mrs. POWELL.

On the same date, [REDACTED] Central San
Vicente, advised her records show that during the past two years
Mrs. POWELL received only one registered letter from New York City
on April 17, 1967. [REDACTED] advised that during the past two
years Mrs. POWELL sent, on a regular (approximately weekly) basis, letters
and small packages addressed to the House of Representatives in
Washington, D. C. She has also received many letters from the House

SJ 46-403

of Representatives and ADAM CLAYTON POWELL. [REDACTED] advised the b7c
letters sent and received by Mrs. POWELL looked "official," but she b7D
did not notice exactly whom they were addressed to.
